Options	Champion • Musician • Standard Bearer • Runic Standard of the Hold
----------------	--

Magics

Magic items

Rune of Craftsmanship: A weapon engraved with this Rune follows the rules for Great Weapons instead of the original weapon's rules (this does not prevent the weapon from being engraved with additional Runes).

Rune of Destruction: Attacks made with a weapon engraved with this Rune gain **Multiple Wounds (D3)**.

Rune of Fury: For each Rune of Fury engraved on a weapon, the wielder gains +1 Attack Value while using it.

Rune of Iron: The wearer of an armour engraved with: • A single Rune of Iron gains +1 Armour. • Two or more Runes of Iron gains +2 Armour.

Rune of Shielding: The bearer gains **Aegis (+1, max. 4+)**. The Aegis from this Rune **only** stacks with itself and/or Shield Wall.

Rune of Dragon's Breath: The bearer gains **Breath Attack (Str 4, AP 1, Flaming Attacks, Magical Attacks)**. A single friendly Rune of Dragon's Breath may be used per Round of Combat.

Rune of Harnessing: The Channel value of enemy model parts within 24' of the bearer's model (the value within brackets) is reduced by 1, to a minimum

of 0.

Rune of Mastery: One use only. A single Rune of Mastery may be activated immediately before the bearer attempts to cast a Bound Spell. Add (+2/+2) to the Power Level of this Bound Spell for this Casting Attempt.

Rune of the Forge: The wearer of an armour engraved with this Rune gains **Aegis (2+, against Flaming Attacks)**.

Rune of Lightning: If the wielder scores at least one successful hit with a weapon engraved with one or more Runes of Lightning (consider each set of simultaneous attacks separately), each enemy unit that was hit suffers an additional D3 hits for each instance of this Rune. The hits are considered Special Attacks and are resolved with Strength 4, Armour Penetration 1, and **Magical Attacks**.

Magic banners

Legion Standard: A unit with one Legion Standard increases the maximum of its Rank Bonus by +1 (normally this means the unit can add up to 4 Full Ranks to its Combat Score). A unit with two or more Legion Standards increases the maximum of its Rank Bonus by +2 instead.

Banner of the Relentless Company: One use only. May be activated during the owner's Movement Phase. All Infantry models in the bearer's unit always have March Rate 15", until the end of the Player Turn. Only a single Banner of the Relentless Company may be activated during the same phase.

Runic Standard of the Hold: A unit with one or more Runic Standards of the Hold counts as having an additional Full Rank for the purpose of Steadfast and Disrupted.

Model Rules

Aegis:

Ambush:

Channel: During step 3 of the Magic Phase Sequence, each of the Active Player's models with Channel may add X Veil Tokens to the owner's Veil Token Pool. This Universal Rule is cumulative, adding X Veil Tokens of each independent instance of Channel to the model's total Channel value (so e.g. a model with Channel (1) and Channel (2) is treated like a model with Channel (3)).

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Great Weapon: Attacks made with a Great Weapon gain +2 Strength, +2 Armour Penetration and always strike at Initiative Step 0 (regardless of the wielder's Agility). A model using this weapon cannot simultaneously use a Shield against Melee Attacks

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Heavy Armour: +2 Armor

Hold the Line:

Magic Resistance:

Magical Attacks: The attack doesn't have any special effects. However, it interacts with other rules, such as Otherworldly. Model parts with Magical Attacks apply it also to their Special Attacks (such as Stomp Attacks, Impact Hits and Breath Attack).

Not a Leader: The model cannot be the General.

Pistol: Range 12" Shots 1 Strength 4 Armour Penetration 2 QuicktoFire

Plate Armour: +3 Armor

Rune Craft Mastery: Close Combat Attacks from models in the same unit as one or more models with Rune Craft Mastery gain +1 Armour Penetration.

Runic Anvil: Each Anvil of Power may select up to 3 different Battle Runes.

Runic Engravings: At step 8 of the Pre-Game Sequence (after Spell Selection), each Hold Guardian unit must choose one of the following effects, which is applied for the duration of the game: • +1 Strength and +1 Armour Penetration • Vanguard • +2 Agility

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Shield: +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

Shield Wall: While using a Shield, the model gains **Aegis (6+, against Close Combat Attacks)**. This is improved to **Aegis (5+, against Close Combat Attacks)** if the attacker is Charging. This Special Save can only be used against attacks from enemies Engaged in the model's unit's Front Facing.

Sturdy: The model part gains **Devastating Charge (+1 Str, +1 AP)** and **Steady Aim**.

Unbreakable: The model gains Fearless and its unit automatically passes all Break Tests. Characters with Unbreakable can only join units consisting entirely of models with Unbreakable. Units with one or more models with Unbreakable can only be joined by Characters with Unbreakable.

War Machine: The model cannot Pursue, Declare Charges or Declare Flee as Charge Reaction. Characters can never join units with War Machines, and Characters with War Machine cannot join units at all.

When a War Machine fails a Panic Test, instead of Fleeing it is Shaken until the end of the next Player Turn. War Machines that fail a Break Test are automatically destroyed. War Machines and units Engaged in Combat with them cannot make Combat Reforms.

When a unit charges a War Machine, it can move into base contact by having its Front Facing contact any point of the War Machine's base (it must still maximise the number of models in base contact, see subsection II.1.A "Bases and Base Contact", page 4 and Figure 1 page 4). No Align Move is allowed. Ignore the War Machine's Facing, as it does not have any due to its round base.

Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
