## Magics

Racial Trait Spell

	Casting	Range	Type	Duration
<b>The Awakened Swarm</b>				
<i>Mf</i>	<b>7+</b> [10+]	[12"] [24"]	Translation missing: en.magic_spell.type_target.Hex, Translation missing: en.magic_spell.type_target.Damage, Translation missing: en.magic_spell.type_target.Direct	Instant
<i>The target suffers 2D6 hits with Strength 4, Armour Penetration 2, and Magical Attacks.</i>				

Occultism

**The Sacrifice:** When casting a non-Bound Spell from this Path, immediately after the casting roll, but before any Dispelling Attempt, the Active Player may choose the Caster's unit or another friendly unengaged unit within 24".

A unit may only be chosen once per phase. The chosen unit suffers X hits that wound automatically with Armour Penetration 10 and Magical Attacks, and with no saves of any kind allowed, where X is determined by the Discipline value of the largest fraction of models in the unit, ignoring all Discipline modifiers. In case of a tie, use the lower value:

- 0 to 4: 3 hits
- 5 to 7: 2 hits
- 8 to 10: 1 hit

Any Health Point loss from The Sacrifice that would remove the last model of the chosen unit as a casualty is discarded.

These Health Points losses never cause Panic Tests.

If at least one Health Point loss was caused, the spell is cast with the **{amplified}** version. In that case, use any text marked with {}.

		Casting	Range	Type	Duration	Effect
6	The Grave Calls	11+	12"	Hex Damage Direct	Instant	The target suffers 2D6 hits with Strength 5, Armour penetration 2, and Magical Attacks. {The hits gain +1 Strength and +1 Armour Penetration.}
2	Hand of Glory	6+ [8+]	Caster [12"]	[Augment] Focused	One Turn	[This spell may only target Characters, Champions, and single model units.] The target {and all models in its unit} gain Aegis (6+) and Aegis (+1, max 3+).
3	The Rot Within	6+	18"	Hex	Permanent	The target suffers -1 Offensive Skill and -1 Defensive Skill. {The Caster gains +1 Offensive Skill and +1 Defensive Skill.}
1	Pentagram of Pain	5+[6+]	24"[12"Aura]	[Hex]  Direct  [Universal]  Damage	Instant	The target suffers D6 hits with Strength 4, Armour Penetration 1, and Magical Attacks. [The Caster's unit is unaffected.] {If one or more unsaved wounds are caused with this spell, the Caster Recovers 1 Health Point.}
5	Marked for Doom	9+	24"	Hex Damage Direct	Instant	The target suffers 1 hit with Strength 10, Armour Penetration 10, Multiple Wounds (D3), and Magical Attacks. {If the target is within 12" of the Caster, the spell targets a single Character or Champion joined to the target unit.}
4	Breath of Corruption	6+ [9+]	Caster [12"]	[Augment] Focused	One Turn	The target gains Breath Attack (Magical Attacks, Toxic Attacks). [This spell may only target Characters, Champions, and single model units.] {If the Breath Attack is used as a Shooting Attack, its range is increased to 18".}

Witchcraft

		Casting	Range	Type	Duration	Effect
1	Raven's Wing	7+ [9+]	18"	Augment	Instant	The target may perform a 8" [12"] Magical Move and gains Fly and Light Troops until the end of the Player Turn. Nominate a single model part affected by the spell. This model part may perform a Sweeping Attack during the move (possibly in addition to other Sweeping Attacks). This Sweeping Attack causes D6 hits with Strength 4, Armour Penetration 1, and Magical Attacks.
3	Twisted Effigy	5+ [7+]	36"	Hex	One Turn	The target cannot use Shooting Attacks [and suffers a -2 modifier to its casting rolls].
2	Deceptive Glamour	4+ [6+]	24"	Hex	One Turn	The target suffers -1 [-2] Offensive Skill, -1 [-2] Defensive Skill and -1 [-2] Agility.
A	Evil Eye		24"	Universal	One Turn	If this spell targets a friendly unit, the target gains +1 Advance Rate and +2 March Rate. If this spell targets an enemy unit, the target suffers -1 Advance Rate and -2 March Rate, to a minimum of 3 and 6 respectively. A unit cannot be affected by this spell more than twice in the same Magic Phase.
5	Will-o'-the-Wisp	8+ [8+]	18"	Universal	One Turn	The target gains Random Movement (2D6 [3D6])
6	Bewitching Glare	8+ [12+]	18"	Hex	One Turn	Melee {and Shooting} Attacks against the target must reroll failed to-wound rolls.
4	The Wheel Turns	8+ [10+]	24"	Hex	One Turn	Melee Attacks made by {and distributed towards} R&F models in the target unit are set to wound on a 4+, and Close Combat Attacks made by {and allocated against} R&F models in the target unit additionally are set to hit on a 4+, regardless of Offensive Skill, Defensive Skill, Strength, and Resilience. Apply this effect before other to-hit and to-wound modifiers.

## Magic items

**Putrid Protection:** The wearer gains +2 Armour. For each successful Armour Save made by the wearer against Melee Attacks, the wearer immediately inflicts 1 hit with Toxic Attacks against the model that caused the wound, before any casualties are removed, distributed onto the model's Health Pool. This is considered a Special Attack.

**Ghostly Guard:** The wearer gains +2 Armour against non-Magical Attacks.

**Obsidian Rock:** The bearer gains Magic Resistance (2).

**Alchemist's Alloy:** The wearer gains +1 Armour and suffers -2 Offensive Skill.

**Magical Heirloom:** The bearer gains the Hereditary Spell during Spell Selection, always knows it in addition to its other spells, cannot select it during Spell Selection, and cannot replace or otherwise lose it.

## Model Rules

**Battle Focus:** If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

**Callous:** The model is allowed to use Shooting Attacks and The Awakened Swarm (Hereditary Spell) against enemy units that are Engaged in Combat with friendly units, as long as all friendly units Engaged in the Combat are of Standard Height. All units Engaged in this Combat are ignored for Cover purposes (but not for drawing Line of Sight). When a model with this rule targets an enemy unit Engaged in Combat with a Shooting Attack or with The Awakened Swarm, roll to hit as normal against the intended target. Each hit must then be randomised to see which unit it hits. Roll a D6 for each hit. On 3+ it hits the intended target; otherwise it hits a friendly unit Engaged in that Combat. If there are several friendly units involved in the combat, randomise which one is hit.

**Disposable:** Universal Rule.

If the unit Breaks from Combat, it is immediately removed as a casualty.

When checking if an enemy unit is Steadfast, your Slave units count as having 0 Full Ranks, unless the Slave unit is Engaged in the enemy unit's Flank or Rear Facing.

When shooting into a combat where the only Engaged friendly models are Slaves:

- The Shooting Attack gains +2 to hit.

- When randomising to see which unit is hit, the intended target is hit on 4+ (instead of 3+).

**Electric Discharge:** Special Attack.

Model parts with this Special Attack can use it as 1. a Shooting Attack, and as 2. a Special Attack when Engaged in Combat.

- As a Shooting Attack: Choose a target using the normal rules for Shooting Attacks. The Shooting Attack has Range 18", Shots 3, Reload!, Accurate, Quick to Fire, and Aim (4+).

- As a Special Attack in Close Combat: The Melee Attack is made at the model part's Initiative Step. Choose a single enemy in base contact and roll three D6 (these rolls are not considered to-hit rolls). For each roll of 3+ the target suffers a hit from the Electric Discharge.

Hits from Electric Discharge are resolved with Strength 5, Armour Penetration 10, Multiple Wounds (D3), Lightning Attacks, and Magical Attacks.

Before using the Electric Discharge, the Dreadmill may be supercharged. If supercharged, the attacks from the Electric Discharge are set to Strength 6 and their Range is set to 12" for the duration of the phase. After the Ele

**Fearless:** If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

**Fortitude:** Fortitude is a Special Save. Fortitude Saves cannot be taken against attacks with Lethal Strike that rolled a natural 6+ to wound, or against attacks with Flaming Attacks

**Frenzy:** A unit with at least half its models with Frenzy cannot choose Flee as Charge Reaction, and when taking Discipline Tests, apply the following:

- If it is a Panic Test, Decimated Test or Fear Test: the unit gains +2 Discipline.

- If it is a Break Test, roll the test as normal.

- If it is any other Discipline Test, the unit suffers -2 Discipline.

At the start of the Charge Phase, each of your units with at least one model with Frenzy that could Declare a Charge against an enemy unit within the unit's Advance Rate +7" (using the lowest Advance Rate among the unit's models; if a model has more than 1 Advance Rate available, use the highest one) must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must Declare a Charge this Player Turn. Note that Characters are never forced to charge out of their units.

**Grind Attacks:** A model part with Grind Attacks resolves these attacks at its own Agility. It must choose an enemy unit in base contact with it. The chosen enemy unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the model part's own Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits

, it may only use one of these rules in the same Round of Combat

(its controlling player may choose which). When several model parts in the same unit have Grind Attacks and when

X is a random number (e.g. Grind Attacks (2D3)), roll for the number of hits separately for each model part.

**Hand Weapon:** All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

**Hard Target:**

**Hatred:** During the first Round of Combat, failed to-hit rolls from attacks with Hatred must be rerolled.

**Honourless:** A Character with Honourless cannot be chosen by the enemy as the model that suffers the penalties for refusing a Duel.

**Impact Hits:** At Initiative Step 10, a charging model part with Impact Hits must choose an enemy unit that is in base contact with the attacking model's Front Facing. This unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the attacking model part's Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits, it may only use one of these rules in the same Round of Combat (its controlling player may choose which). In multipart models, only model parts that also have Harnessed or Inanimate can use their Impact Hits. When several models in the same unit have Impact Hits, and when X is a random number (e.g. Impact Hits (D6)), roll for the number of hits separately for each model part.

**Inanimate:** Inanimate - Melee

Model parts with Inanimate cannot make Close Combat Attacks and cannot use Shooting Weapons. Shooting Weapons carried by model parts with Inanimate can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate).

**Insignificant:**

**Light Armour:** Armor +1

**Light Troops:** Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

**Paired Weapons:** The wielder gains +1 Attack Value when using Paired Weapons. Attacks made with Paired Weapons gain +1 Offensive Skill and ignore Parry. A model using this weapon cannot simultaneously use a Shield against Melee Attacks.

**Putrid Scholar:** Universal Rule.

The model selects its spells from all Learned Spells of its chosen Path and The Awakened Swarm (Hereditary Spell). This overrides the normal Spell Selection rules connected to being a Wizard Apprentice or Adept.

**Random Movement:** The unit cannot Declare Charges and cannot move normally (Advance, March, Reform) in the Movement Phase (which also means they cannot perform Magical Moves). The model loses Swiftstride (and can never gain it), but always charges, Flees, Pursues and Overruns the distance stated in brackets.

In the Movement Phase, at the end of step 2 of the the it with Random Movement moves using the rules for Pursuing units, except that they can freely choose which direction to rotate towards before rolling the Pursuit Distance, cannot move off the Board Edge and only take Dangerous Terrain Tests if they actually charge an enemy unit (they still test as normal when Fleeing, Pursuing a Broken enemy or Overrunning).

Whenever a unit with Random Movement needs a March Rate (e.g. when Post-Combat Reforming), use the potential maximum value of X as its March Rate.

Characters with Random Movement can only join units with Random Movement (by moving into contact with them during the Movement Phase or by being deployed inside), and units with Random Movement can only be joined by Characters with Random Movement. Units with Random Movement cannot enter Buildings. If a unit has several sets of Random Movement, use the one with the lowest average (in case of a tie, you may choose which version to use). A model with Random Movement cannot move in the same phase as it arrives on the Battlefield as Reinforcement (Dawn Assault) or Ambusher.

**Safety in Numbers:** Non-fleeing units comprised entirely of models with Safety in Numbers add their number of Full Ranks after the first one to their Discipline, up to a maximum of +3 and never above

10. Safety in Numbers cannot be used to modify the Discipline that is distributed by models with Commanding Presence (but the received Commanding Presence can be modified by Safety in Numbers). Furthermore, units comprised entirely of models with Safety in Numbers gain +1" to their Flee Distance rolls.

**Scoring:** Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

**Shield:** +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

**Skirmisher:** The model can draw Lines of Sight in any direction (i.e. it is not limited by the Front Arc) from any point on its base (remember that Charge Moves are limited by a single Wheel of no more than 90°, and that Stand and Shoot Charge Reactions can only be done against enemies in the Front Arc) and can always use Shooting Attacks from any rank (they are not limited to shooting from first and second rank).

Units with at least one R&F model with Skirmisher are formed into a skirmish formation. They are not placed in base to base contact with each other. Instead, models are placed with a 12.5 mm distance between them. This gap is considered part of the unit for Cover purposes, and will have the same Size as the models in the unit. Other than this gap between models, units with Skirmisher follow the normal rules for forming units and therefore have a Front, two Flanks, a Rear, can perform Supporting Attacks, and so on. Units in skirmish formation gain Hard Target and Light Troops, never block Line of Sight, and when units in skirmish formation would contribute to Hard Cover, they contribute to Soft Cover instead.

**Stubborn:** A unit with at least one model with Stubborn ignores any Combat Score penalties to its Discipline when taking Break Tests or Combat Reform Discipline Tests.

**Swift Reform:** During the Movement Phase, a unit containing one or more models with Swift Reform may execute a Swift Reform instead of a Reform. The unit makes a Reform with the following exceptions:

- The unit is not prohibited from shooting in the next Shooting Phase (but will still suffer the to-hit modifier for moving and shooting).
- The unit can perform an Advance Move after the Reform. For the purpose of no model being able to end its movement with its centre farther away than its Advance Rate from its starting position, measure this distance after the Reform.
- No model can end its movement (after an Advance Move) with its centre farther away than its March Rate from its starting position before the Reform.

**Swiftstride:** When a unit composed entirely of models with Swiftstride rolls Charge Range, Flee Distance, Pursuit Distance or Overrun Distance, it rolls an additional D6 (normally this will lead to rolling 3D6) and discards the lowest D6 rolled.

**Tiny:** Universal Rule.

The model ignores friendly units when moving in the Charge and Movement Phase, but must follow the Unit Spacing rule at the end of the move.

**Unstable:**

**Wizard Adept:** - Knows 2 spells.

- Can select from the Learned Spells 1, 2, 3, and 4 of its chosen Path and the Hereditary Spell of its army. The Wizard gains Channel (1) and selects its spells as described in Spell Selection.

**Wizard Apprentice:** - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army. The Wizard selects its spells as described in Spell Selection.

## Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
