Magics

Racial Trait Spell

	Casting	Range	Type	Duration
The Awakened Swarm				
<i>Mf</i>	7+ [10+]	[12"] [24"]	Translation missing: en.magic_spell.type_target.Hex, Translation missing: en.magic_spell.type_target.Damage, Translation missing: en.magic_spell.type_target.Direct	Instant
The target suffers 2D6 hits with Strength 4, Armour Penetration 2, and Magical Attacks.				

The Conclave: Spells from Divination gain +3" range up to a maximum of +9" for each additional friendly Wizard within 12" of the Caster. This bonus can never increase the combined modifier beyond +9", however other sources may.

		Casting	Range	Type	Duration	Effect
5	Unerring Strike	7+ [10+]	18"	Hex Missile Damage	Instant	The target suffers 2D6 [3D6] hits that wound on 4+ with Armour Penetration 1, Divine Attacks and Magical Attacks.
3	Scrying	7+ [12+]	18" [6" Aura]	Augment	One Turn	The target gains Distracting and Hard Target.
4	The Stars Align	8+ [12+]	18" [6" Aura]	Augment	One Turn	The target gains Divine Attacks. In addition, it must reroll failed to-hit rolls with Close Combat and Shooting Attacks.
6	Portent of Doom	8+	24"	Hex	Permanent	When calculating Combat Score, a side with units containing at least one model affected by the spell suffers -X to its Combat Score (for each affected unit and instance of the spell), where X is equal to the number of Characters in the unit, increased by 1 if the unit contains any R&F models. A Character leaving a unit that was the target of the spell no longer is affected by the spell, unless the Character was a single model unit that was the initial target of the spell.
1	Know Thy Enemy	7+ [12+]	18" [6" Aura]	Augment	One Turn	The target gains +2 Offensive Skill, +2 Defensive Skill, and +2 Agility.
4	Guiding Light		12"	Augment	One Turn	Discipline Tests of units with all models affected by the spell are subject to Minimised Roll. A unit cannot be affected by this spell more than once per Magic Phase.
2	Fate's Judgement	5+ [9+]	18"	Hex Missile Damage	Instant	The target suffers D3 [D6] hits that wound automatically with Armour Penetration 0 and Magical Attacks, with no Special Saves allowed (note that Armour Saves are allowed).

The Sacrifice: When casting a non-Bound Spell from this Path, immediately after the casting roll, but before any Dispelling Attempt, the Active Player may choose the Caster's unit or another friendly unengaged unit within 24".

A unit may only be chosen once per phase. The chosen unit suffers X hits that wound automatically with Armour Penetration 10 and Magical Attacks, and with no saves of any kind allowed, where X is determined by the Discipline value of the largest fraction of models in the unit, ignoring all Discipline modifiers. In case of a tie, use the lower value:

- 0 to 4: 3 hits
- 5 to 7: 2 hits
- 8 to 10: 1 hit

Any Health Point loss from The Sacrifice that would remove the last model of the chosen unit as a casualty is discarded.

These Health Points losses never cause Panic Tests.

If at least one Health Point loss was caused, the spell is cast with the {amplified} version. In that case, use any text marked with {}.

		Casting	Range	Type	Duration	Effect
4	Breath of Corruption	6+ [9+]	Caster [12"]	[Augment] Focused	One Turn	The target gains Breath Attack (Magical Attacks, Toxic Attacks). {This spell may only target Characters, Champions, and single model units.} {If the Breath Attack is used as a Shooting Attack, its range is increased to 18".}
5	Marked for Doom	9+	24"	Hex Damage Direct	Instant	The target suffers 1 hit with Strength 10, Armour Penetration 10, Multiple Wounds (D3), and Magical Attacks. {If the target is within 12" of the Caster, the spell targets a single Character or Champion joined to the target unit.}
6	The Grave Calls	11+	12"	Hex Damage Direct	Instant	The target suffers 2D6 hits with Strength 5, Armour penetration 2, and Magical Attacks. {The hits gain +1 Strength and +1 Armour Penetration.}
2	Hand of Glory	6+ [8+]	Caster [12"]	[Augment] Focused	One Turn	{This spell may only target Characters, Champions, and single model units.} The target {and all models in its unit} gain Aegis (6+) and Aegis (+1, max 3+).

		Casting	Range	Type	Duration	Effect
1	Pentagram of Pain	5+[6+]	24"[12"Aura]	Hex Direct [Universal] Damage	Instant	The target suffers D6 hits with Strength 4, Armour Penetration 1, and Magical Attacks. [The Caster's unit is unaffected.] {If one or more unsaved wounds are caused with this spell, the Caster Recovers 1 Health Point.}
3	The Rot Within	6+	18"	Hex	Permanent	The target suffers -1 Offensive Skill and -1 Defensive Skill. {The Caster gains +1 Offensive Skill and +1 Defensive Skill.}

Magic items

Sceptre of Vermin Valour: The bearer gains **Stand Behind**.

Lucky Charm: One use only. May be activated when the bearer's model fails an Armour Save. This failed Armour Save may be rerolled.

Putrid Protection: The wearer gains +2 Armour. For each successful Armour Save made by the wearer against Melee Attacks, the wearer immediately inflicts 1 hit with Toxic Attacks against the model that caused the wound, before any casualties are removed, distributed onto the model's Health Pool. This is considered a Special Attack.

Model Rules

Aegis:

Battle Focus: If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

Brood's Courage: A unit with more than half of its models with Brood's Courage (X) within 6" of a unit that includes at least one model from one of the unit entries stated in brackets (X), may use the Full Ranks of this unit for the purpose of calculating the Discipline modifier it gains from Safety in Numbers.

Callous: The model is allowed to use Shooting Attacks and The Awakened Swarm (Hereditary Spell) against enemy units that are Engaged in Combat with friendly units, as long as all friendly units Engaged in the Combat are of Standard Height. All units Engaged in this Combat are ignored for Cover purposes (but not for drawing Line of Sight). When a model with this rule targets an enemy unit Engaged in Combat with a Shooting Attack or with The Awakened Swarm, roll to hit as normal against the intended target. Each hit must then be randomised to see which unit it hits. Roll a D6 for each hit. On 3+ it hits the intended target; otherwise it hits a friendly unit Engaged in that Combat. If there are several friendly units involved in the combat, randomise which one is hit.

Disposable: Universal Rule.

If the unit Breaks from Combat, it is immediately removed as a casualty.

When checking if an enemy unit is Steadfast, your Slave units count as having 0 Full Ranks, unless the Slave unit is Engaged in the enemy unit's Flank or Rear Facing.

When shooting into a combat where the only Engaged friendly models are Slaves:

- The Shooting Attack gains +2 to hit.
- When randomising to see which unit is hit, the intended target is hit on 4+ (instead of 3+).

Electric Discharge: Special Attack.

Model parts with this Special Attack can use it as 1. a Shooting Attack, and as 2. a Special Attack when Engaged in Combat.

- As a Shooting Attack: Choose a target using the normal rules for Shooting Attacks. The Shooting Attack has Range 18", Shots 3, Reload!, Accurate, Quick to Fire, and Aim (4+).

- As a Special Attack in Close Combat: The Melee Attack is made at the model part's Initiative Step. Choose a single enemy in base contact and roll three D6 (these rolls are not considered to-hit rolls). For each roll of 3+ the target suffers a hit from the Electric Discharge.

Hits from Electric Discharge are resolved with Strength 5, Armour Penetration 10, Multiple Wounds (D3), Lightning Attacks, and Magical Attacks.

Before using the Electric Discharge, the Dreadmill may be supercharged. If supercharged, the attacks from the Electric Discharge are set to Strength 6 and their Range is set to 12" for the duration of the phase. After the Ele

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Frenzy: A unit with at least half its models with Frenzy cannot choose Flee as Charge Reaction, and when taking Discipline Tests, apply the following:

- If it is a Panic Test, Decimated Test or Fear Test: the unit gains +2 Discipline.
- If it is a Break Test, roll the test as normal.
- If it is any other Discipline Test, the unit suffers -2 Discipline.

At the start of the Charge Phase, each of your units with at least one model with Frenzy that could Declare a Charge against an enemy unit within the unit's Advance Rate +7" (using the lowest Advance Rate among the unit's models; if a model has more than 1 Advance Rate available, use the highest one) must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must Declare a Charge this Player Turn. Note that Characters are never forced to charge out of their units.

Grind Attacks: A model part with Grind Attacks resolves these attacks at its own Agility. It must choose an enemy unit in base contact with it. The chosen enemy unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the model part's own Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits

, it may only use one of these rules in the same Round of Combat

(its controlling player may choose which). When several model parts in the same unit have Grind Attacks and when X is a random number (e.g. Grind Attacks (2D3)), roll for the number of hits separately for each model part.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Hard Target:

Hatred: During the first Round of Combat, failed to-hit rolls from attacks with Hatred must be rerolled.

Heavy Armour: +2 Armour

Honourless: A Character with Honourless cannot be chosen by the enemy as the model that suffers the penalties for refusing a Duel.

Impact Hits: At Initiative Step 10, a charging model part with Impact Hits must choose an enemy unit that is in base contact with the attacking model's Front Facing. This unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the attacking model part's Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits, it may only use one of these rules in the same Round of Combat (its controlling player may choose which). In multipart models, only model parts that also have Harnessed or Inanimate can use their Impact Hits. When several models in the same unit have Impact Hits, and when X is a random number (e.g. Impact Hits (D6)), roll for the number of hits separately for each model part.

Inanimate: Inanimate - Melee

Model parts with Inanimate cannot make Close Combat Attacks and cannot use Shooting Weapons. Shooting Weapons carried by model parts with Inanimate can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate).

Insignificant:

Jezail: Shooting Weapon.

Range 36", Shots 1, Str 6, AP 4, Unwieldy, Magical Attacks, Accurate.

If rolling a natural '1' to hit, the bearer suffers 1 hit with Toxic Attacks.

Light Armour: Armour +1

Light Troops: Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

Meat Grinder: Melee Weapon.

When using this weapon, the wielder gains Impact Hits (2D6) and Grind Attacks (2D6). These Impact Hits and Grind Attacks are resolved with Strength 4 and Armour Penetration 2.

Move or Fire: The attack may not be used if the attacking model has made an Advance Move, March Move, Reform or Pivot during the current Player Turn.

Not a Leader: The model cannot be the General.

One with the Swarm: Universal Rule.

The model can only join units of Rats-at-Arms, and loses Insignificant while joined to such units.

Paired Weapons: The wielder gains +1 Attack Value when using Paired Weapons. Attacks made with Paired Weapons gain +1 Offensive Skill and ignore Parry. A model using this weapon cannot simultaneously use a Shield against Melee Attacks.

Pavise: Armour.

The model gains +3 Armour against Ranged Attacks.

Plague Catapult: Catapult (4x4) Artillery Weapon

Range 12-48", Shots 1, Toxic Attacks, Magical Attacks.

Plague Flail: Close Combat Weapon.

Attacks made with a Plague Flail gain +2 Strength and +2 Armour Penetration. Unless using another weapon, the wielder of a Plague Flail suffers -1 Defensive Skill.

In addition, at Initiative Step 10 (regardless of the wielder's Agility) the wielder must choose an enemy unit that it could normally allocate Close Combat Attacks towards (including Supporting Attacks). The chosen enemy unit suffers a hit with Toxic Attacks. This hit is considered to be a Special Attack.

This weapon cannot be enchanted with Weapon Enchantments from the List of Common Special Items

Putrid Scholar: Universal Rule.

The model selects its spells from all Learned Spells of its chosen Path and The Awakened Swarm (Hereditary Spell). This overrides the normal Spell Selection rules connected to being a Wizard Apprentice or Adept.

Safety in Numbers: Non-fleeing units comprised entirely of models with Safety in Numbers add their number of Full Ranks after the first one to their Discipline, up to a maximum of +3 and never above 10. Safety in Numbers cannot be used to modify the Discipline that is distributed by models with Commanding Presence (but the received Commanding Presence can be modified by Safety in Numbers). Furthermore, units comprised entirely of models with Safety in Numbers gain +1" to their Flee Distance rolls.

Schemer: Universal Rule.

Spells cast by the model gain +3" range. The model knows one additional spell, and selects its spells from Divination and The Awakened Swarm (Hereditary Spell). If a Vermin Daemon is part of the army, the Tunnel Gunners Category is reduced to "Max. 25%".

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Shield: +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

Sling: Shooting Weapon.

Range 18", Shots 1, Str 3, AP 0, Quick to Fire.

Supernal:

Swiftstride: When a unit composed entirely of models with Swiftstride rolls Charge Range, Flee Distance, Pursuit Distance or Overrun Distance, it rolls an additional D6 (normally this will lead to rolling 3D6) and discards the lowest D6 rolled.

Tag-Along: If the model is within 3" of a friendly non-fleeing unit with at least one Rat-at-Arms or Vermin Guard model, it gains Aegis (4+) against Ranged Attacks.

War Machine: The model cannot Pursue, Declare Charges or Declare Flee as Charge Reaction. Characters can never join units with War Machines, and Characters with War Machine cannot join units at all.

When a War Machine fails a Panic Test, instead of Fleeing it is Shaken until the end of the next Player Turn. War Machines that fail a Break Test are automatically destroyed. War Machines and units Engaged in Combat with them cannot make Combat Reforms.

When a unit charges a War Machine, it can move into base contact by having its Front Facing contact any point of the War Machine's base (it must still maximise the number of models in base contact, see subsection II.1.A "Bases and Base Contact", page 4 and Figure 1 page 4). No Align Move is allowed. Ignore the War Machine's Facing, as it does not have any due to its round base.

War Platform: Unless selected as a mount for a Character, a model with War Platform gains Not a Leader and Character, with the following exceptions:

- It does not count towards the Characters category (for Army List creation).
- It cannot Issue Duels, Accept Duels or Make Way.
- It can perform Swirling Melee.
- It does not count as a Character regarding Bodyguard and Multiple Wounds.

The model can join units even if it has Towering Presence, and having Chariot does not prevent it from joining units without Chariot. When joined to a unit, it must always be placed in the centre of the front rank, possibly pushing back other models with Front Rank, and must keep its position in the centre of the front rank at all times (as long as it is joined to the unit). If two positions are equally central (e.g. in a unit with an even number of models in the first rank and a War Platform replacing an uneven number of models per rank), the War Platform can be placed in either of these positions. If the War Platform cannot be placed in the centre of the front rank (e.g. due to Mismatching Bases or the front rank being too narrow), the model cannot join the unit. This means that a War Platform can never join a unit with Mismatching Bases and that only a single War Platform can be in the same unit unless noted otherwise.

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection

Wizard Master: - Knows 4 spells.

- Can select from the Learned Spells 1, 2, 3, 4, 5, and 6 of its chosen Path and the Hereditary Spell of its army.

The Wizard gains Channel (1) and a +1 modifier to its casting rolls, and selects its spells as described in Spell Selection

Qr codes of your army

Your can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
