## Magics

### Racial Trait Spell

	Casting	Range	Type	Duration
<i>H rep Spear of Infinity</i>				
<i>Mf</i>	4+	24"	Translation missing: en.magic_spell.type_target.Hex, Translation missing: en.magic_spell.type_target.Missile, Translation missing: en.magic_spell.type_target.Damage	Instant
The target suffers 1 hit with Strength 2 [5], Armour Penetration 2, Area Attack (1x5), Magical Attacks, and [Multiple Wounds (2)]. The hits from Spear of Infinity gain +1 Strength for each other non-Attribute Spell successfully cast in this Magic Phase (including other instances of Spear of Infinity).				

Evocation

		Casting	Range	Type	Duration	Effect
2	Whispers of the Veil	8+	24"	Hex	One Turn	The target suffers -1 Resilience. In addition, a unit with at least one model affected by one or more instances of the spell suffers -1 Discipline.
3	Hasten the Hour	7+ [10+]	24" [18"]	Hex Damage Direct	Instant	Choose 1 {up to 3 different} models in the target unit (which may be Characters or Champions). Each of them suffers 1 hit that wounds automatically with Armour Penetration 10 and Magical Attacks.
4	Spectral Blades	5+ [9+]	18"	Augment	One Turn	The target must reroll failed to-wound rolls with its Melee Attacks and gains <b>[Lethal Strike]</b> .
A	Evocation of Souls				Instant	If your Veil Token pool contains less than 3 Veil Tokens, you gain one Veil Token. No more than 1 Veil Token can be gained from this spell each Phase.
5	Touch of the Reaper	<7+> {9+}	<24"> {18"}	Hex Missile Damage Focused Direct	Instant	The target suffers 1D3 hits with Strength 10, Armour Penetration 10, and <b>Magical Attacks</b> . When rolling to wound with this attack, use the target's Discipline instead of the target's Resilience.
6	Danse Macabre	6+ [9+]	18" [9" Aura]	Augment	Instant	The target may perform a 12" [6"] Magical Move and gains Ghost Step during this move.
1	Ancestral Aid	6+ [7+]	12" [18"]	Augment	One Turn	The target must reroll failed to-hit rolls with its Close Combat Attacks.

Thaumaturgy

**Judgement on High:** When casting non-Bound Spells from this Path, all Magic Dice that result in '1' must be rerolled. Dice causing a Miscast cannot be rerolled. If a Caster Miscasts when casting a spell from this Path, add a +1 Miscast Modifier.

		Casting	Range	Type	Duration	Effect
3	Speaking in Tongues	5+	24"	Hex	One Turn	The target must take a Discipline Test: • If the test is passed, the target gains Fearless. • If the test is failed, the target becomes Shaken.
1	Hand of Heaven	5+ [8+]	24"	Hex Missile Damage	One Turn	The target suffers D6 [D6+1] hits with Strength D6 [D6+1], Armour Penetration 2 [3], and Magical Attacks. Roll once for the number of hits and once for the Strength and apply the rolled Strength value to all hits
2	Smite the Unbeliever	6+ [9+]	24"	Hex	One Turn	Immediately after successfully casting this spell, roll a D6. [Choose which effect to apply when casting the spell.] - If 1-3 is rolled, the target suffers -1 Resilience. - If 4-6 is rolled, the target suffers -1 Strength and -1 Armour Penetration.
5	Wrath of God	12+	96"	Ground	Permanent	Place a counter on the target point. At the end of each subsequent Magic Phase roll a D6: • If 1-3 is rolled, nothing happens. • If 4-6 is rolled, each unit within 2D6" suffers 2D6 hits with Strength 5, Armour Penetration 2, and Magical Attacks. If a unit fails a Panic Test forced by the spell, it Flees directly away from the marked point (for all other rules, the Caster is considered to be the attacker). The spell then ends.
6	Trial of Faith	7+ [10+]	12" [18"]	Hex Missile Damage Focused Direct	Instant	The Caster rolls D3+1 and the target rolls D3. If the Caster's roll is higher, the target suffers a number of hits equal to the difference between their respective rolls. These hits wound automatically with Armour Penetration 10 and Magical Attacks.
4	Cleansing Fire	5+ [8+]	Caster [18"]	[Augment] Focused	Instant	The target gains Breath Attack (Strength D3+2, Armour Penetration 1, Magical Attacks). (Roll the D3 immediately after successfully casting this spell.) [This spell may only target Characters, Champions, and single model units.]

## Model Rules

**Aether Battery:** Artillery Weapon.

Volley Gun. Range 18", Shots 2D6×2, Str 4, AP 1.

Before rolling for the number of shots, the owner may choose to discard 1–3 Veil Tokens from their Veil Token pool. If so, the number of shots is increased by 3 per discarded Veil Token.

**Battle Focus:** If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

**Crush Attack:**

**Devastating Charge:** Attacks & Weapons, Melee

A charging model part with Devastating Charge, or using a weapon with Devastating Charge, gains the Model Rules and Characteristic modifiers stated in brackets. For example, a charging model part with Devastating Charge (+1 Strength, Poison Attacks) gains +1 Strength and Poison Attacks when it is charging. This rule is cumulative: a model part with several instances of Devastating Charge applies all Attack Attributes and Characteristics modifiers from all of them when charging.

**Dominion of Sloth:** The model gains **Aegis (+1, against Special Attacks)**.

**Falling Star:** The model's Offensive Skill and Defensive Skill are **set** to twice the model's current number of Health Points. The model counts as a Character for the purpose of issuing, accepting, and refusing Duels. When the model fights a Duel during a Round of Combat, it gains **Stubborn** until the end of the Round of Combat.

**Fear:** Units in base contact with one or more enemy models with Fear suffer -1 Discipline. At the start of each Round of Combat, such units must take a Discipline Test, called a Fear Test. If this test is failed, the models in the unit are Shaken until the end of the Round of Combat. Models that have Fear themselves are immune to the effects of Fear.

**Fearless:** If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

**Fight in Extra Rank:**

**Fly:** The model gains Light Troops and Swiftstride. Units composed entirely of models with Fly may make Flying Movements when performing a Move Chargers move, an Advance Move, or a March Move. When a unit makes a Flying Movement, substitute its models' Advance Rate with the first value given in brackets (X), and their March Rate with the second value given in brackets (Y). All modifiers to ground movement values are also applied to the flying values of a model. Units using Flying Movement ignore all Terrain Features and units during the Flying Movement (from their starting to their ending position), but must abide by the Unit Spacing rule at the end of the move (unless charging, when the normal exceptions to the Unit Spacing rule apply). They are still affected by the effects of the Terrain Features from which they take off and in which they land.

**Hand Weapon:** All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

**Hard Target:**

**Harnessed:** Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with at least one model part with Harnessed is considered to be mounted.

**Impact Hits:** At Initiative Step 10, a charging model part with Impact Hits must choose an enemy unit that is in base contact with the attacking model's Front Facing. This unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the attacking model part's Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits, it may only use one of these rules in the same Round of Combat (its controlling player may choose which). In multipart models, only model parts that also have Harnessed or Inanimate can use their Impact Hits. When several models in the same unit have Impact Hits, and when X is a random number (e.g. Impact Hits (D6)), roll for the number of hits separately for each model part.

**Inanimate:** Inanimate - Melee

Model parts with Inanimate cannot make Close Combat Attacks and cannot use Shooting Weapons. Shooting Weapons carried by model parts with Inanimate can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate).

**Light Troops:** Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

**Mountain Breaker:** Charge Range rolls in the Charge Phase of Charges against units that consist entirely of models with Towering Presence are subject to Maximised Roll. In addition, the model's Impact Hits gain **Multiple Wounds (D3, against Towering Presence)**.

**Not a Leader:** The model cannot be the General.

**Omniscience:** In the owner's Magic Phase, if the model did not March Move or declare a Charge this Player Turn, the cost of converting Veil Tokens into Magic Dice is decreased to 2:1 during this Player Turn (1 Magic Dice per 2 Veil Tokens). In addition, at the end of Siphon the Veil, the owner is allowed to store up to 6 Veil Tokens instead of the normal 3.

**Scoring:** Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

**Skirmisher:** The model can draw Lines of Sight in any direction (i.e. it is not limited by the Front Arc) from any point on its base (remember that Charge Moves are limited by a single Wheel of no more than 90°, and that Stand and Shoot Charge Reactions can only be done against enemies in the Front Arc) and can always use Shooting Attacks from any rank (they are not limited to shooting from first and second rank).

Units with at least one R&F model with Skirmisher are formed into a skirmish formation. They are not placed in base to base contact with each other. Instead, models are placed with a 12.5 mm distance between them. This gap is considered part of the unit for Cover purposes, and will have the same Size as the models in the unit. Other than this gap between models, units with Skirmisher follow the normal rules for forming units and therefore have a Front, two Flanks, a Rear, can perform Supporting Attacks, and so on. Units in skirmish formation gain Hard Target and Light Troops, never block Line of Sight, and when units in skirmish formation would contribute to Hard Cover, they contribute to Soft Cover instead.

**Supernal:**

**Swiftstride:** When a unit composed entirely of models with Swiftstride rolls Charge Range, Flee Distance, Pursuit Distance or Overrun Distance, it rolls an additional D6 (normally this will lead to rolling 3D6) and discards the lowest D6 rolled.

**Towering Presence:** The model gains Tall and can never be joined or join a unit (unless it is a War Platform). A model with Towering Presence increases its Rally Around the Flag and Commanding Presence ranges by 6".

**War Platform:** Unless selected as a mount for a Character, a model with War Platform gains Not a Leader and Character, with the following exceptions:

- It does not count towards the Characters category (for Army List creation). - It cannot issue Duels, Accept Duels or Make Way.
- It can perform Swirling Melee.
- It does not count as a Character regarding Bodyguard and Multiple Wounds.

The model can join units even if it has Towering Presence, and having Chariot does not prevent it from joining units without Chariot. When joined to a unit, it must always be placed in the centre of the front rank, possibly pushing back other models with Front Rank, and must keep its position in the centre of the front rank at all times (as long as it is joined to the unit). If two positions are equally central (e.g. in a unit with an even number of models in the first rank and a War Platform replacing an uneven number of models per rank), the War Platform can be placed in either of these positions. If the War Platform cannot be placed in the centre of the front rank (e.g. due to Mismatching Bases or the front rank being too narrow), the model cannot join the unit. This means that a War Platform can never join a unit with Mismatching Bases and that only a single War Platform can be in the same unit unless noted otherwise.

**Wizard Master:** - Knows 4 spells.

- Can select from the Learned Spells 1, 2, 3, 4, 5, and 6 of its chosen Path and the Hereditary Spell of its army.

The Wizard gains Channel (1) and a +1 modifier to its casting rolls, and selects its spells as described in Spell Selection

### Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
