Magics

Racial Trait Spell

	Casting	Range	Type	Duration
Spark of Creation				
<i>Mf</i>	6+ [9+]	36" [18"]	Translation missing: en.magic_spell.type_target.Hex, Translation missing: en.magic_spell.type_target.Missile, Translation missing: en.magic_spell.type_target.Damage	Instant
<i>The target suffers D6 hits with Strength 5 [6], Armour Penetration 2 [3], and Magical Attacks.</i>				

Druidism

Nature's Call: All Wizards that know at least one Druidism spell (excluding Bound Spells) know the Learned Spell The Oaken Throne in addition to their other spells.

	Casting	Range	Type	Duration	Effect
--	---------	-------	------	----------	--------

		Casting Range	Type	Duration	Effect	
6	Spirits of the Wood	7+ {6+}	12"	Augment {Universal}	One Turn	Place a Forest Terrain Feature underneath the target (this can be substituted by placing a marker or the spell card next to the unit). This Forest always extends to the edges of the target's Unit Boundary (even if the unit moves or changes formation). {If the target is a friendly unit, it gains Strider (Forest).}
0	The Oaken Throne	4+	Caster	Caster	Permanent	If any friendly Caster is affected by The Oaken Throne, certain spells are cast with an amplified version. Use any text marked with {} and ignore any red text. The Oaken Throne must already be in play when a spell is cast in order to use the {amplified} Attribute. This spell is ended if any friendly Caster attempts to cast The Oaken Throne again, or if the opponent removes a dice from their Magic Dice pool at the end of step 3 of any Magic Phase sequence (after Siphon the Veil).
2	Master of Earth	6+ {5+}	18"	Hex Damage Direct	Instant	The range of this spell can be measured from the Caster or from any Impassable Terrain Feature on the board. The target suffers D6 hits with Strength 4 {5}, Armour Penetration 1 {2} and Magical Attacks.
1	Healing Waters	7+ {6+}	12"	Augment	One Turn	The Range of this spell can be measured from the Caster or from any Water Terrain Feature on the board. The target gains Fortitude (5+) {(4+)}.
A	Fountain of Youth		12"	Augment Focused	Instant	The target or its unit Recovers {Raises} 1 Health Point. No single model can Recover (or Raise) more than 1 Health Point per phase from this spell.
4	Summer Growth	11+ {10+}	24"	Augment	Instant	This spell has different effects depending on the target: Standard Infantry/Beast* : Raise 4 {6} Health Points. Towering Presence** : Raise 1 {1} Health Point. Anything else*** : Raise 2 {3} Health Points. * More than half of the models in the unit are both Standard Height and either Type Infantry or Beast Type. ** More than half of the models in the unit have Towering Presence. *** Use this if neither of the above is applies.
5	Stone Skin	9+ {8+}	12"	Augment	One Turn	The Range of this spell can be measured from the Caster or from any Hill Terrain Feature on the board. The target gains +2 {+3} Resilience.
3	Entwining Roots	6+ {5+}	12"	Hex	One Turn	The Range of this spell can be measured from the Caster or from any Forest Terrain Feature on the board. The target suffers -1 {-2} Offensive Skill, -1 {-2} Defensive Skill, and -1 {-2} to hit with Shooting Attacks.

Model Rules

Battle Focus: If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

Blowpipe: Shooting Weapon.

Range 12", Shots 2, Str 2, AP 0, Poison Attacks, +1 to hit against units consisting entirely of models with Towering Presence.

Bow:

Cold-Blooded: The model's Discipline Tests are subject to Minimised Roll.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Fly: The model gains Light Troops and Swiftstride. Units composed entirely of models with Fly may make Flying Movements when performing a Move Chargers move, an Advance Move, or a March Move. When a unit makes a Flying Movement, substitute its models' Advance Rate with the first value given in brackets (X), and their March Rate with the second value given in brackets (Y). All modifiers to ground movement values are also applied to the flying values of a model. Units using Flying Movement ignore all Terrain Features and units during the Flying Movement (from their starting to their ending position), but must abide by the Unit Spacing rule at the end of the move (unless charging, when the normal exceptions to the Unit Spacing rule apply). They are still affected by the effects of the Terrain Features from which they take off and in which they land.

Frenzy: A unit with at least half its models with Frenzy cannot choose Flee as Charge Reaction, and when taking Discipline Tests, apply the following:

- If it is a Panic Test, Decimated Test or Fear Test: the unit gains +2 Discipline.
- If it is a Break Test, roll the test as normal.
- If it is anyother Discipline Test, the unit suffers -2Discipline.

At the start of the Charge Phase, each of your units with at least one model with Frenzy that could Declare a Charge against an enemy unit within the unit's Advance Rate +7" (using the lowest Advance Rate among the unit's models; if a model has more than 1 Advance Rate available, use the highest one) must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must Declare a Charge this Player Turn. Note that Characters are never forced to charge out of their units.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Hard Target:

Harnessed: Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with with at least one model part with Harnessed is considered to be mounted.

Lethal Strike: If the attack wounds with a natural to-wound roll of 6+, its Armour Penetration is set to 10 and the target of the

attack cannot take a Regeneration save against it.

Light Armour: Armor +1

Light Lance:

Light Troops: Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

Poisoned Javelin: Shooting Weapon.

Range 12", Shots 1, Str as user, AP as user, Poison Attacks, Quick to Fire.

Prey Scent: Attack Attribute – Close Combat.

Right before the battle (during step 7 of the Deployment Phase Sequence), if you have one or more units of Rhamphodon Riders or Skink Captains on Alpha Rhamphodon in your army, you must choose 2 units from your opponent's Army List (this may also be Characters). The models of these units are considered "marked".

Rhamphodon mounts gain +D3 Attack Value and must reroll failed to-hit rolls for attacks allocated either towards marked models, or towards models joined to units with more than half of their models marked. The additional attacks must be allocated towards models meeting either of those criteria.

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Scout: At step 8 of the Pre-Game Sequence (after Spell Selection) an army that includes units with Scout must state which of its units with Scout will use it, starting with the player that picked the Deployment Zone. Deploy your army as usual, but without deploying any of the Scouting units. These units are placed after all other non-Scouting units have been deployed. They can either be deployed in your Deployment Zone, using the normal rules, or they can be deployed outside the Deployment Zone, but must be more than 18" away from any enemy units. This is decreased to 12" if the Scouting unit is deployed entirely within a Forest, Ruins, Field, Building, or Water Terrain Feature. Scouting units that are deployed outside their player's Deployment Zone may not Declare Charges in the first Player Turn (if their side has the first turn). If both players have Scouting units, alternate deploying one unit at a time, starting with the player that finished deploying first.

Skirmisher: The model can draw Lines of Sight in any direction (i.e. it is not limited by the Front Arc) from any point on its base (remember that Charge Moves are limited by a single Wheel of no more than 90°, and that Stand and Shoot Charge Reactions can only be done against enemies in the Front Arc) and can always use Shooting Attacks from any rank (they are not limited to shooting from first and second rank).

Units with at least one R&F model with Skirmisher are formed into a skirmish formation. They are not placed in base to base contact with each other. Instead, models are placed with a 12.5 mm distance between them. This gap is considered part of the unit for Cover purposes, and will have the same Size as the models in the unit. Other than this gap between models, units with Skirmisher follow the normal rules for forming units and therefore have a Front, two Flanks, a Rear, can perform Supporting Attacks, and so on. Units in skirmish formation gain Hard Target and Light Troops, never block Line of Sight, and when units in skirmish formation would contribute to Hard Cover, they contribute to Soft Cover instead.

Strider: The model automatically passes Dangerous Terrain Tests taken due to Terrain.

If more than half of a unit's models have Strider, the unit never loses their Steadfast or Rank Bonus due to Terrain.

Sometimes Strider is linked to a specific type of Terrain, stated in brackets.

In this case, models with Strider are considered Striders only when interacting with such type of Terrain.

Telepathic Link: A Cuatl Lord may cast spells through a friendly model with Telepathic Link with the following conditions and restrictions:

- The Cuatl Lord is considered to be the Caster.
- The model with Telepathic Link must be within 24" of the Cuatl Lord.
- The spell must have type Damage.
- Line of Sight and Front Arc of the model with Telepathic Link are used.
- The spell's range is reduced by half and is measured from the model with Telepathic Link.
- The Cuatl Lord may cast spells of type Missile even if it is Engaged in Combat, as long as the model with Telepathic Link is not.

If the spell is Miscast, apply the following effects:

- The Cuatl Lord suffers the Miscast effect as normal.
- The model with Telepathic Link suffers a single hit with Armour Penetration 2 and a Strength equal to the number of Magic Dice used.

If the Cuatl Lord casts a spell using Telepathic Link, the Attribute Spell gets cast through the model with Telepathic Link as well, applying the same conditions and restrictions listed above. If not all of the conditions are met, the Attribute Spell is not cast.

Vanguard: After Deployment (including units with Scout), models with Vanguard may perform a 12" move. The move is performed as an Advance Move in the Movement Phase, including any actions and restrictions the unit would normally have (such as Wheeling, Reforming, joining units, leaving units and so on). The 12" distance is used instead of the unit's Advance Rate and March Rate. This move cannot be used to move within 12" of enemy units. This is decreased to 6" for enemy units which have either Scouted or Vanguarded. Units that have moved in this way may not Declare Charges in the first Player Turn (if their side has the first turn). If both players have units with Vanguard, alternate moving units one at a time, starting with the player that finished deploying last. Instead of moving a unit, a player may declare to not move any more Vanguarding units.

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection

Qr codes of your army

Your can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
