Magics

Racial Trait Spell

	Casting	Range	Type	Duration
	Hellfire			
<i>Mf</i>	(6+) {10+}	18"	Translation missing: en.magic_spell.type_target.Hex, Translation missing: en.magic_spell.type_target.Damage, Translation missing: en.magic_spell.type_target.Direct	Instant
<i>The target suffers (2D3) {2D6} hits with Strength 6, Armour Penetration 0, and Magical Attacks.</i>				

Occultism

The Sacrifice: When casting a non-Bound Spell from this Path, immediately after the casting roll, but before any Dispelling Attempt, the Active Player may choose the Caster's unit or another friendly unengaged unit within 24".

A unit may only be chosen once per phase. The chosen unit suffers X hits that wound automatically with Armour Penetration 10 and Magical Attacks, and with no saves of any kind allowed, where X is determined by the Discipline value of the largest fraction of models in the unit, ignoring all Discipline modifiers. In case of a tie, use the lower value:

- 0 to 4: 3 hits
- 5 to 7: 2 hits
- 8 to 10: 1 hit

Any Health Point loss from The Sacrifice that would remove the last model of the chosen unit as a casualty is discarded.

These Health Points losses never cause Panic Tests.

If at least one Health Point loss was caused, the spell is cast with the **{amplified}** version. In that case, use any text marked with **{}**.

		Casting	Range	Type	Duration	Effect
4	Breath of Corruption	6+ [9+]	Caster [12"]	[Augment] Focused	One Turn	The target gains Breath Attack (Magical Attacks, Toxic Attacks). [This spell may only target Characters, Champions, and single model units.] {If the Breath Attack is used as a Shooting Attack, its range is increased to 18".}
5	Marked for Doom	9+	24"	Hex Damage Direct	Instant	The target suffers 1 hit with Strength 10, Armour Penetration 10, Multiple Wounds (D3), and Magical Attacks. {If the target is within 12" of the Caster, the spell targets a single Character or Champion joined to the target unit.}
6	The Grave Calls	11+	12"	Hex Damage Direct	Instant	The target suffers 2D6 hits with Strength 5, Armour penetration 2, and Magical Attacks. {The hits gain +1 Strength and +1 Armour Penetration.}
2	Hand of Glory	6+ [8+]	Caster [12"]	[Augment] Focused	One Turn	[This spell may only target Characters, Champions, and single model units.] The target {and all models in its unit} gain Aegis (6+) and Aegis (+1, max 3+).
1	Pentagram of Pain	5+[6+]	24"[12"Aura]	[Hex] Direct [Universal] Damage	Instant	The target suffers D6 hits with Strength 4, Armour Penetration 1, and Magical Attacks. [The Caster's unit is unaffected.] {If one or more unsaved wounds are caused with this spell, the Caster Recovers 1 Health Point.}
3	The Rot Within	6+	18"	Hex	Permanent	The target suffers -1 Offensive Skill and -1 Defensive Skill. {The Caster gains +1 Offensive Skill and +1 Defensive Skill.}

Magic items

Gladiator's Spirit: The wearer gains +1 Armour and **Parry**.

Touch of Greatness: Attacks made with this enchanted weapon gain +1 Strength, +1 Armour Penetration, and become Magical Attacks. Strength modifiers from this weapon (combining both mundane and Weapon Enchantment modifiers) cannot exceed +2 (but can exceed +2 through modifiers from other sources, such as spells).

Burning Portent: Attacks made with this weapon become **Flaming Attacks** and **Magical Attacks**, gain **Multiple Wounds (D3)**, and their Armour Penetration is **set** to 10.

Magic banners

Wasteland Torch: The bearer's unit gains **Strider (Ruins)**. After determining Deployment Zones (at the end of step 6 of the Pre-Game Sequence), you may choose a single Field or Forest Terrain Feature that becomes Ruins. The bearer's unit gains **Flaming Attacks** in the First Round of Combat.

Zealots' Banner: The maximum number of Supporting Attacks that models in the second rank of the bearer's unit can perform is increased by 1.

Model Rules

Aegis:

Battle Fever: Units with more than half of their models with Battle Fever must reroll failed Panic and Break Tests.

Bodyguard: When a Character is joined to a unit in which at least one model has Bodyguard, that Character gains Stubborn. When Characters or Character types are stated in brackets, Bodyguard only works for the specified Characters or Character types.

Champion:

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Gateway: Universal Rule.

At the end of each friendly Magic Phase, each Hellmaw may do one of the following:

- Open a Gateway: Mark a single point on the Battlefield with a Gateway Marker. This point must be within Line of Sight and 24" of the Hellmaw, and more than 6" away from enemy units. There can never be more than 4 friendly Gateway Markers on the Battlefield (including Ominous Gateways).
- Close a Gateway: Choose a friendly Gateway Marker with its centre within Line of Sight and 24" of the Hellmaw. All units within 6" of the centre of the marker suffer D6 hits with Toxic Attacks and Magical Attacks. Then remove the marker. If all friendly Hellmaws have been removed as casualties, immediately close all friendly Gateways as described above.

A friendly unit may choose to enter the Gateway if all the following conditions are met:

- The unit does not contain any Gigantic models.
- The unit is in contact with the centre of a friendly Gateway Marker.
- All models in the unit just performed an Advance or March Move and no other model has moved since.

Remove the unit from the Battlefield. The unit:

1. Is then placed back on the Battlefield within 3" of the centre of any other friendly Gateway Marker. No model can end up with its centre farther away than its March Rate from the centre of the chosen marker.
2. Must have the same formation, but may face any direction.
3. Must follow the Unit Spacing rule.
4. Suffers D6 + X hits with Toxic Attacks and Magical Attacks, distributed by the owner, where X is equal to the number of ranks in the unit. Hits distributed onto models with Hell-Forged Armour or Supernal automatically fail to wound.
5. Loses Scoring until its next Player Turn.

Only a single unit may exit the same Gateway Marker in each Player Turn

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Hell-Forged Armour: Armour Equipment.

Follows the rules for Plate Armour (can be enchanted as if it was Plate Armour). The wearer's model gains Aegis (5+, against Toxic Attacks).

Light Armour: Armor +1

Path of the Exiled: Units with more than half of their models with Path of the Exiled must reroll failed Break Tests. At the end of step 7 of a Round of Combat (after taking Break Tests), models with Path of the Exiled in a unit that failed a Break Test simultaneously perform Close Combat Attacks (ignoring the rules for Initiative Order, but otherwise following the normal rules such as Supporting Attacks and Allocating Attacks). Afterwards, they are removed as casualties. Models with Path of the Exiled cannot join or be joined by models with Path of the Favoured.

Path of the Favoured: Universal Rule.

Units with more than half of their models with Path of the Favoured must reroll failed Break Tests. In addition, model parts with Path of the Favoured upgraded to a Champion additionally gain +1 Health Point to a maximum of 3, and their Discipline is set to 9.

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Spiked Shield: Models on foot only.

Follows the rules for Shields (can be enchanted as if it was a Shield). For each successful Armour Save roll of 4+ made by the bearer against a Melee Attack while using a Spiked Shield, the bearer immediately inflicts 1 hit with the bearer's Strength and Armour Penetration against the model that caused the wound, before any casualties are removed, distributed onto the model's Health Pool. This is considered a Special Attack.

Supernal:

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection

Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
