Magic items

Essence of Mithril: The wearer's Armour is set to 5 and can never be improved beyond this.

Potion of Strength: One use only. May be activated at the start of any Round of Combat. Until the end of the Player Turn the bearer gains Crush Attack.

Destiny's Call: The wearer gains Aegis (4+). In addition, its Armour is set to 3 and can never be improved beyond this.

King Slayer: The wielder gains +X Attack Value while using this weapon, and attacks made with this weapon gain +X Strength, +X Armour Penetration, and Magical Attacks, where X is equal to the number of enemy Characters in base contact with the wielder's unit. This bonus is calculated at the Initiative Step when the attacks are made.

Lygur's Tongue: Enemy units in base contact with the bearer suffer -2 Offensive Skill.

Magic banners

Pennant of the Great Grass Sky: The bearer's unit gains **Swiftstride**.

Banner of Discipline: The bearer's unit may reroll failed Panic Tests. If the Battle Standard Bearer or the General is part of the bearer's unit, it automatically passes Panic Tests instead.

Model Rules

Ambush:

Animal Master: The model gains **Commanding Presence**, but only units of Sabretooth Tigers may benefit from it.

Extra Support:

Fear: Units in base contact with one or more enemy models with Fear suffer -1 Discipline. At the start of each Round of Combat, such units must take a Discipline Test, called a Fear Test. If this test is failed, the models in the unit are Shaken until the end of the Round of Combat. Models that have Fear themselves are immune to the effects of Fear.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Fortitude: Fortitude is a Special Save. Fortitude Saves cannot be taken against attacks with Lethal Strike that rolled a natural 6+ to wound, or against attacks with Flaming Attacks

Freezing Aura: The model can cast Chilling Howl (Shamanism) as a Bound Spell with Power Level (4/8). Enemy units within 9" of one or more Frost Mammoths suffer -3 Agility. The roll for Flee Distance of enemy units that Break from Combat while in base contact with one or more Frost Mammoths is subject to Minimised Roll.

Great Weapon: Attacks made with a Great Weapon gain +2 Strength, +2 Armour Penetration and always strike at Initiative Step 0 (regardless of the wielder's Agility). A model using this weapon cannot simultaneously use a Shield against Melee Attacks

Hand Cannon: Shooting Weapon.
Range 24", Shots D6, Str 4, AP 2, Quick to Fire.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Harnessed: Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with at least one model part with Harnessed is considered to be mounted.

Hatred: During the first Round of Combat, failed to-hit rolls from attacks with Hatred must be rerolled.

Heavy Armour: +2 Armor

Impact Hits: At Initiative Step 10, a charging model part with Impact Hits must choose an enemy unit that is in base contact with the attacking model's Front Facing. This unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the attacking model part's Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits, it may only use one of these rules in the same Round of Combat (its controlling player may choose which). In multipart models, only model parts that also have Harnessed or Inanimate can use their Impact Hits. When several models in the same unit have Impact Hits, and when X is a random number (e.g. Impact Hits (D6)), roll for the number of hits separately for each model part.

Insignificant:

Iron Fist: Close Combat Weapon
The wielder gains +1 Armour, +1 Attack Value, and Parry, unless using another weapon. This weapon cannot be enchanted with Weapon Enchantments from the List of Common Special Items.

Light Armour: Armor +1

Light Troops: Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

Loner: If on foot, the model can only join units of Yetis and Sabretooth Tigers; ignore the Insignificant rule for joining units. If mounted, it cannot join any unit. A model with Loner cannot join a unit containing any other Characters, and Characters cannot join a unit containing a model with Loner.

Not a Leader: The model cannot be the General.

Paired Weapons: The wielder gains +1 Attack Value when using Paired Weapons. Attacks made with Paired Weapons gain +1 Offensive Skill and ignore Parry. A model using this weapon cannot simultaneously use a Shield against Melee Attacks.

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:
Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Scrapling Lookout: If a unit includes a Standard Bearer or a Battle Standard Bearer with Scrapling Lookout, there must be fewer than 3 R&F models before hits can be distributed onto Characters with the same Type and Height as the unit.

Sons of the Avalanche: The model part gains **Impact Hits (1)**. If its unit has 2 or more Full Ranks, the model part gains **Impact Hits (2)**. A Character with Sons of the Avalanche instead gains **Impact Hits (D3)**, or **Impact Hits (D3+1)** if its unit has 2 or more Full Ranks. In addition, the model is immune to the effects of Fear from enemy models.

Swiftstride: When a unit composed entirely of models with Swiftstride rolls Charge Range, Flee Distance, Pursuit Distance or Overrun Distance, it rolls an additional D6 (normally this will lead to rolling 3D6) and discards the lowest D6 rolled.

Touch of Frost: Enemy units suffer -1 Agility for each unit of Yetis in base contact with them.

Unbreakable: The model gains Fearless and its unit automatically passes all Break Tests. Characters with Unbreakable can only join units consisting entirely of models with Unbreakable. Units with one or more models with Unbreakable can only be joined by Characters with Unbreakable.

Vanguard: After Deployment (including units with Scout), models with Vanguard may perform a 12" move. The move is performed as an Advance Move in the Movement Phase, including any actions and restrictions the unit would normally have (such as Wheeling, Reforming, joining units, leaving units and so on). The 12" distance is used instead of the unit's Advance Rate and March Rate. This move cannot be used to move within 12" of enemy units. This is decreased to 6" for enemy units which have either Scouted or Vanguarded. Units that have moved in this way may not Declare Charges in the first Player Turn (if their side has the first turn). If both players have units with Vanguard, alternate moving units one at a time, starting with the player that finished deploying last. Instead of moving a unit, a player may declare to not move any more Vanguarding units.

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection
