3	Savage Fury	5+ [8+]	12" [24"]	Universal	Last one Turn	The target gains Frenzy and Battle Focus.

		<i>Casting</i>	<i>Range</i>	<i>Type</i>	<i>Duration</i>	<i>Effect</i>
4	Chilling Howl	6+ [10+]	36"	Hex	Last one Turn	All units within 6" [12"] of the target when the spell is cast suffer a -1 to-wound modifier on their Shooting [Ranged] Attacks [including effects of spells cast while affected by spell effects].
6	Break the Spirit	9+ [11+]	18" [36"]	Hex	Last one Turn	The target suffers a -1 to-hit modifier, and treats all Terrain (including Open Terrain) as Dangerous Terrain (2).
1	Awaken the Beast	5+ [7+]	18"	Augment	Last one Turn	The target gains +1 Strength and +1 Armour Penetration [+1 Resilience].
A	Scarification		Caster		Last one Turn	Melee Attacks against the target can never wound on better than 5+.
2	Swarm of Insects	5+ [8+]	24" [48"]	Hex, Missile, Damage	Permanent	Immediately after successfully casting this spell, the target suffers 5D6 hits with Strength 1, Armour Penetration 0, and Magical Attacks. If one or more unsaved wounds are caused, the target suffers -1 to hit with its Shooting Attacks. This spell is immediately ended when the target performs an Advance, March, Charge, Failed Charge, or Pursuit Move.

Magic items

Magical Heirloom: The bearer gains the Hereditary Spell during Spell Selection, always knows it in addition to its other spells, cannot select it during Spell Selection, and cannot replace or otherwise lose it.

Dusk Forged: The bearer may choose to reroll its failed Armour Saves while using this Shield. If it does, it automatically fails all Special Saves.

Omen of the Apocalypse: Roll a single D3 at the Initiative Step in which the wielder is attacking. During this Initiative Step, the wielder gains a modifier equal to the result of the D3 roll to its Attack Value, Strength, and Armour Penetration while using this weapon. Attacks made with this weapon become Magical Attacks.

Potion of Swiftiness: One use only. May be activated at the start of any Round of Combat. Until the end of the Player Turn, the bearer gains +3 Agility.

Magic banners

Banner of the Relentless Company: One use only. May be activated during the owner's Movement Phase. All Infantry models in the bearer's unit always have March Rate 15", until the end of the Player Turn. Only a single Banner of the Relentless Company may be activated during the same phase.

Model Rules

Aegis:

Battle Focus: If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

Born to Fight: Close Combat.

The model part's Close Combat Attacks gain +1 Strength and +1 Armour Penetration during a Round of Combat

- If it is the First Round of Combat.
- Or if the model part's unit is Steadfast at the start of the Round of Combat.

Crush Attack:

Distracting: Close Combat Attacks allocated towards a model with Distracting suffer a -1 to-hit modifier. This to-hit modifier cannot be combined with any other negative to-hit modifiers.

Fear: Units in base contact with one or more enemy models with Fear suffer -1 Discipline. At the start of each Round of Combat, such units must take a Discipline Test, called a Fear Test. If this test is failed, the models in the unit are Shaken until the end of the Round of Combat. Models that have Fear themselves are immune to the effects of Fear.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Feral Orc: The model part gains Born to Fight and Battle Focus. The model gains Frenzy, Fearless, and Aegis (6+).

Fortitude: Fortitude is a Special Save. Fortitude Saves cannot be taken against attacks with Lethal Strike that rolled a natural 6+ to wound, or against attacks with Flaming Attacks

Frenzy: A unit with at least half its models with Frenzy cannot choose Flee as Charge Reaction, and when taking Discipline Tests, apply the following:

- If it is a Panic Test, Decimated Test or Fear Test: the unit gains +2 Discipline.
- If it is a Break Test, roll the test as normal.
- If it is any other Discipline Test, the unit suffers -2 Discipline.

At the start of the Charge Phase, each of your units with at least one model with Frenzy that could Declare a Charge against an enemy unit within the unit's Advance Rate +7" (using the lowest Advance Rate among the unit's models; if a model has more than 1 Advance Rate available, use the highest one) must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must Declare a Charge this Player Turn. Note that Characters are never forced to charge out of their units.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Hard Target:

Impact Hits: At Initiative Step 10, a charging model part with Impact Hits must choose an enemy unit that is in base contact with the attacking model's

Front Facing. This unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the attacking model part's Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits, it may only use one of these rules in the same Round of Combat (its controlling player may choose which). In multipart models, only model parts that also have Harnessed or Inanimate can use their Impact Hits. When several models in the same unit have Impact Hits, and when X is a random number (e.g. Impact Hits (D6)), roll for the number of hits separately for each model part.

Insignificant:

Light Armour: Armor +1

Look At 'Em Go!: Universal Rule.

After contacting a unit for the first time, a Gnasher Wrecking Team gains Running Amok!! for the remainder of the game.

Plate Armour: +3 Armor

Random Movement: The unit cannot Declare Charges and cannot move normally (Advance, March, Reform) in the Movement Phase (which also means they cannot perform Magical Moves). The model loses Swiftstride (and can never gain it), but always charges, Flees, Pursues and Overruns the distance stated in brackets.

In the Movement Phase, at the end of step 2 of the the it with Random Movement moves using the rules for Pursuing units, except that they can freely choose which direction to rotate towards before rolling the Pursuit Distance, cannot move off the Board Edge and only take Dangerous Terrain Tests if they actually charge an enemy unit (they still test as normal when Fleeing, Pursuing a Broken enemy or Overrunning).

Whenever a unit with Random Movement needs a March Rate (e.g. when Post-Combat Reforming), use the potential maximum value of X as its March Rate.

Characters with Random Movement can only join units with Random Movement (by moving into contact with them during the Movement Phase or by being deployed inside), and units with Random Movement can only be joined by Characters with Random Movement. Units with Random Movement cannot enter Buildings. If a unit has several sets of Random Movement, use the one with the lowest average (in case of a tie, you may choose which version to use). A model with Random Movement cannot move in the same phase as it arrives on the Battlefield as Reinforcement (Dawn Assault) or Ambusher.

Ricochet: Models with Ricochet cannot Charge enemy units and can move through all units (friend and foe) as if they were Open Terrain. If its move is ended in contact with another unit, or within 1" of a unit that it has moved through, its move distance is extended; keep moving the model in the same direction (still moving through other units) until it can be placed 1" away from all other units. If, after an extended move, the model would end up within 1" of Impassable Terrain or in contact with the Board Edge, immediately remove the model as a casualty. If there is no legal position where it follows the Unit Spacing rule when backtracking the model's move (based on the rules for Random Movement), immediately remove the model as a casualty.

If a unit's Unit Boundary is contacted by a Ricochet model's initial move (i.e. excluding an extension of the move distance needed to clear units), this unit suffers X hits, where X corresponds to the value given in brackets (after completing the move). For this purpose, all units Engaged in the same Combat are treated as a single unit. The owner of the model with Ricochet distributes the hits between all units Engaged in this Combat as evenly as possible (after this follow the normal rules for distributing hits to models within each unit).

Enemy units cannot Charge models with Ricochet. Units (friend and foe) ignore models with Ricochet regarding the Unit Spacing rule for all movement (including Ambush). In addition, they can move onto and through models with Ricochet. However, if a unit moves into contact with a Ricochet model, it immediately (before completing the move) suffers X+D6 hits, and the model with Ricochet is removed as a casualty. This is not triggered by moves that can move through units normally (e.g. Flying Movement), unless the move is ended in contact (note that units can move into contact with multiple Ricochet models simultaneously).

Hits are resolved with the Strength and Armour Penetration of the model with Ricochet.

a) The Ricochet model cannot be placed 1" behind unit B, because unit A is too close. The model is thus moved through both units following its original direction. Only unit B suffers the Ricochet hits as unit A is not within the initial Shambolic move.

b) After moving through units, the Ricochet model comes into contact with Impassable Terrain and is thus removed as a casualty. The Ricochet model moves through at least one unit Engaged in the Combat, inflicting 5 hits in total, which are distributed evenly amongst all units in the combat.

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Shambolic: Units with Shambolic models cannot be joined by Characters. When rolling the distance of a Random Movement move with a Shambolic unit, if all the dice show the same result, the unit loses D3 Health Points (with no saves of any kind allowed), and then moves in a random direction instead of the chosen direction. When units with Shambolic touch the Board Edge, stop 1" away from Impassable Terrain, or come into contact with or move inside any Terrain Feature other than Open Terrain or Hills, all models in the unit must take a Dangerous Terrain (2) Test.

Smash 'Em Flat: Universal Rule.

Natural to-wound rolls of '1' with Melee Attacks from units within 6" of a friendly Great Green Idol must be rerolled.

Break Tests taken by units within 6" of one or more friendly Engaged Great Green Idols are subject to Minimised Roll.

Strider: The model automatically passes Dangerous Terrain Tests taken due to Terrain.

If more than half of a unit's models have Strider, the unit never loses their Steadfast or Rank Bonus due to Terrain.

Sometimes Strider is linked to a specific type of Terrain, stated in brackets.

In this case, models with Strider are considered Striders only when interacting with such type of Terrain.

Stupid: Universal Rule.

At the start of each friendly Player Turn, each unengaged non-fleeing unit with one or more models with Stupid must take a Discipline Test. If the test is failed, all models in the unit become Shaken until the end of the Player Turn, and in the Movement Phase, immediately after Rallying Fleeing units, the unit must move D6" directly forward, stopping 1" before Impassable Terrain or other units.

Supernal:

Troll Belch: Special Attack.

At the model part's Initiative Step, the owner may choose an enemy unit Engaged in Combat that the model part is able to attack with Close Combat Attacks.

If so, this unit suffers a hit, which is resolved with Strength 5 and Armour Penetration 10, and the model part may not perform any Close Combat Attacks.

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection

Qr codes of your army

Your can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
