Magics

Racial Trait Spell

Casting	Range	Type	Duration

	Casting	Range	Type	Duration
Bring the Pain				
Mf	8+	18"	Hex	Last one Turn
Failed to-hit rolls with Close Combat Attacks against the target must be rerolled.				

Witchcraft

		Casting	Range	Type	Duration	Effect
5	Will-o'-the-Wisp	8+ [8+]	18"	Universal	Last one Turn	The target gains Random Movement (2D6 [3D6])
3	Twisted Effigy	5+ [7+]	36"	Hex	Last one Turn	The target cannot use Shooting Attacks [and suffers a -2 modifier to its casting rolls].
4	The Wheel Turns	8+ [10+]	24"	Hex	Last one Turn	Melee Attacks made by {and distributed towards} R&F models in the target unit are set to wound on a 4+, and Close Combat Attacks made by {and allocated against} R&F models in the target unit additionally are set to hit on a 4+, regardless of Offensive Skill, Defensive Skill, Strength, and Resilience. Apply this effect before other to-hit and to-wound modifiers.
6	Bewitching Glare	8+ [12+]	18"	Hex	Last one Turn	Melee {and Shooting} Attacks against the target must reroll failed to-wound rolls.
1	Raven's Wing	7+ [9+]	18"	Augment	Instant	The target may perform a 8" [12"] Magical Move and gains Fly and Light Troops until the end of the Player Turn. Nominate a single model part affected by the spell. This model part may perform a Sweeping Attack during the move (possibly in addition to other Sweeping Attacks). This Sweeping Attack causes D6 hits with Strength 4, Armour Penetration 1, and Magical Attacks.
A	Evil Eye		24"	Universal	Last one Turn	If this spell targets a friendly unit, the target gains +1 Advance Rate and +2 March Rate. If this spell targets an enemy unit, the target suffers -1 Advance Rate and -2 March Rate, to a minimum of 3 and 6 respectively. A unit cannot be affected by this spell more than twice in the same Magic Phase.
2	Deceptive Glamour	4+ [6+]	24"	Hex	Last one Turn	The target suffers -1 [-2] Offensive Skill, -1 [-2] Defensive Skill and -1 [-2] Agility.

Magic items

Crown of Autocracy: The model's range of Commanding Presence (if available) is increased by 3", up to a maximum of 18". If the model does not have Commanding Presence, it gains Commanding Presence whose range is always set to 3".

Crown of the Cavern King: Cannot be taken by models with Towering Presence.

All models in the bearer's unit that have at least one model part of the Greenhide Races Common Goblin, Cave Goblin, or Forest Goblin gain Vanguard and Feigned Flight.

If the bearer is Common Goblin, Cave Goblin, or Forest Goblin, its Commanding Presence and Rally Around the Flag range (if available) is increased by 6".

Obsidian Rock: The bearer gains Magic Resistance (2).

Ranger's Boots: The bearer gains Strider and, unless using Flying Movement, +2" Advance Rate up to a maximum of 10", and +4" March Rate up to a maximum of 20".

Maza's Zappin: The wielder's unit gains Quick to Fire. This Bow gains Aim (2+), and its profile is changed to: Range 24", Shots 3, Str as user, AP as user, Magical Attacks.

Magic banners

Rending Banner: One use only. May be activated at the start of a Round of Combat. Close Combat Attacks from R&F models in the bearer's unit gain +1 Armour Penetration until the bearer's unit is no longer Engaged in Combat. A model can only be affected by a single Rending Banner at the same time.

Banner of Speed: A unit with one or more Banners of Speed gains +1" Advance Rate and +2" March Rate.

Model Rules

Cave Goblin: The model gains Insignificant.

Common Goblin: The model gains Insignificant.

Crush Attack:

Fear: Units in base contact with one or more enemy models with Fear suffer -1 Discipline. At the start of each Round of Combat, such units must take a Discipline Test, called a Fear Test. If this test is failed, the models in the unit are Shaken until the end of the Round of Combat. Models that have Fear themselves are immune to the effects of Fear.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Fortitude: Fortitude is a Special Save. Fortitude Saves cannot be taken against attacks with Lethal Strike that rolled a natural 6+ to wound, or against attacks with Flaming Attacks

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Hard Target:

Impact Hits: At Initiative Step 10, a charging model part with Impact Hits must choose an enemy unit that is in base contact with the attacking model's Front Facing. This unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the attacking model part's Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits, it may only use one of these rules in the same Round of Combat (its controlling player may choose which). In multipart models, only model parts that also have Harnessed or Inanimate can use their Impact Hits. When several models in the same unit have Impact Hits, and when X is a random number (e.g. Impact Hits (D6)), roll for the number of hits separately for each model part.

Insignificant:

Light Armour: Armor +1

Light Troops: Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

Magic Resistance:

Poison Attacks: If the attack successfully hits with a natural to-hit roll of '6', it automatically wounds with no to-wound roll needed. Shooting Attacks using the Hopeless Shot can only automatically wound if the first to-hit roll is a natural '6'. Note that the second to-hit roll must still be successful in order to hit the target. If the attack can be turned into more than one hit (e.g. a hit with Area Attack, Battle Focus, or Penetrating), only a single hit, chosen by the attacker, automatically wounds. All other hits must roll to wound as normal.

Power 'Shroom: Universal Rule.

Each instance of Power 'Shroom is One use only. Declare usage immediately before the model rolls to cast a non-Bound Spell. Any Dispelling Attempt made against this Casting Attempt suffers -D3 to the dispelling roll. Roll this dice directly when using the Power 'Shroom. If a natural '1' is rolled for this D3, the model using the Power 'Shroom suffers 1 hit with Toxic Attacks. This is an exception to the Casting and Dispelling Modifier rule (i.e. it is allowed to modify the dispelling roll by more than -2).

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Shield: +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

Skirmisher: The model can draw Lines of Sight in any direction (i.e. it is not limited by the Front Arc) from any point on its base (remember that Charge Moves are limited by a single Wheel of no more than 90°, and that Stand and Shoot Charge Reactions can only be done against enemies in the Front Arc) and can always use Shooting Attacks from any rank (they are not limited to shooting from first and second rank).

Units with at least one R&F model with Skirmisher are formed into a skirmish formation. They are not placed in base to base contact with each other. Instead, models are placed with a 12.5 mm distance between them. This gap is considered part of the unit for Cover purposes, and will have the same Size as the models in the unit. Other than this gap between models, units with Skirmisher follow the normal rules for forming units and therefore have a Front, two Flanks, a Rear, can perform Supporting Attacks, and so on. Units in skirmish formation gain Hard Target and Light Troops, never block Line of Sight, and when units in skirmish formation would contribute to Hard Cover, they contribute to Soft Cover instead.

Smash 'Em Flat: Universal Rule.

Natural to-wound rolls of '1' with Melee Attacks from units within 6" of a friendly Great Green Idol must be rerolled. Break Tests taken by units within 6" of one or more friendly Engaged Great Green Idols are subject to Minimised Roll.

Stupid: Universal Rule.

At the start of each friendly Player Turn, each unengaged non-fleeing unit with one or more models with Stupid must take a Discipline Test. If the test is failed, all models in the unit become Shaken until the end of the Player Turn, and in the Movement Phase, immediately after Rallying Fleeing units, the unit must move D6" directly forward, stopping 1" before Impassible Terrain or other units.

Supernal:

Troll Belch: Special Attack.

At the model part's Initiative Step, the owner may choose an enemy unit Engaged in Combat that the model part is able to attack with Close Combat Attacks.

If so, this unit suffers a hit, which is resolved with Strength 5 and Armour Penetration 10, and the model part may not perform any Close Combat Attacks.

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection

Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profile with your phone.
