Magic items

Necromantic Staff: The bearer gains **Channel (1)** and can cast the first Boosted version (" Aura) of Arise! (Hereditary Spell) as a Bound Spell with Power Level (4/8).

Magic banners

Legion Standard: A unit with one Legion Standard increases the maximum of its Rank Bonus by +1 (normally this means the unit can add up to 4 Full Ranks to its Combat Score). A unit with two or more Legion Standards increases the maximum of its Rank Bonus by +2 instead.

Model Rules

Ashes to Ashes: At the end of any phase in which the Master is removed as a casualty, every unit in the army with one or more models with Ashes to Ashes **must** pass a Discipline Test or lose a number of Health Points equal to the amount by which the test was failed, with no saves of any kind allowed. These Health Point losses are allotted following the rules for Unstable, except that they can never be allotted to models that do not have Ashes to Ashes. The number of Health Points lost is reduced by 1 if the unit is within range of Rally Around the Flag. At the end of the Player Turn in which the Master was removed as a casualty, a new Master may be selected. In order to do so, nominate a friendly Wizard Character that either has Vampiric or has chosen Evocation. This Character becomes the new Master. At the start of each friendly Player Turn after the army's Master has been removed as a casualty and no new Master has been selected, every unit with Ashes to Ashes **must** once again pass a Discipline Test or lose Health Points as described above.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Gates of the Netherworld: Whenever a model with Gates of the Netherworld successfully casts Arise!, after resolving the spell's effect, choose a friendly unit with a Reanimated value and within 12" of the Caster. This unit, or a single Character inside the unit, Raises 1 Health Point. No unit can be chosen more than twice per Magic Phase by Gates of the Netherworld.

Giant See, Giant Do: Universal Rule.
The model gains Ashes to Ashes, Fearless, and Undead.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Light Armour: Armor +1

Rage: Attack Attribute - Close Combat.
Whenever the model loses a Health Point, it gains +1 Attack Value. Whenever it gains a Health Point, it suffers -1 Attack Value.

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Shield: +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

Undead: The model gains Unstable. Models with Undead cannot perform March Moves, unless their unit starts the March Move within the range of a friendly model's Commanding Presence. The only Charge Reaction a unit with one or more models with Undead can make is Hold.
When units consisting entirely of models with Undead lose Health Points due to Unstable, the number of lost Health Points can be reduced in some situations. Apply the modifiers in the following order:

1. If the unit is Stubborn, halve the number of lost Health Points (round fractions up).
2. If the unit is Steadfast, reduce all lost Health Points above 12 to 12.

3. If the unit receives Rally Around the Flag, reduce the number of lost Health Points with the unit's current Rank Bonus. Units with no Rank Bonus reduce the number of Health Points lost by 1 instead.
4. Apply all other modifiers (from Special Equipment, Model Rules, spells, etc.) afterwards.

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection
