Goblins (8)	1	2	3	0	2	Forest Goblin, Light Lance, Bow (4+, 4+)
Gargantula	8	4	5	2	4	Harnessed, Poison Attacks, Venomous Fangs

## Magics

Racial Trait Spell

	Casting	Range	Type	Duration
	<b>Bring the Pain</b>			
Mf	8+	18"	Hex	Last one Turn
<i>Failed to-hit rolls with Close Combat Attacks against the target must be rerolled.</i>				

## Magic banners

**Green Tide:** 0-3 Banners per Army.  
The bearer's unit gains Fight in Extra Rank.

**Mikinok's Totem:** At the start of each Round of Combat, choose one of the following:

- a Special Item\* carried by a Character or Champion in a single enemy unit in base contact with the bearer's unit.

- a Special Item\* carried by a single model unit in base contact with the bearer's unit.
- a Banner Enchantment carried by a Standard Bearer in a single enemy unit in base contact with the bearer's unit.

The effects of this Special Item\* are ignored during this Round of Combat.

\*or, when fighting a Dwarven Holds army, a combination of Runic Weapon Enchantments, Runic Armour Enchantments, or Runic Artefacts

## Model Rules

### Aegis:

**Ballista:** Artillery Weapon.

Range 48", Shots 1, Str 3[6], AP 10, [Multiple Wounds (D3)], Area Attack (5x1).

**Battle Focus:** If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

**Bodyguard:** When a Character is joined to a unit in which at least one model has Bodyguard, that Character gains Stubborn. When Characters or Character types are stated in brackets, Bodyguard only works for the specified Characters or Character types.

**Born to Fight:** Close Combat.

The model part's Close Combat Attacks gain +1 Strength and +1 Armour Penetration during a Round of Combat

- If it is the First Round of Combat.
- Or if the model part's unit is Steadfast at the start of the Round of Combat.

### Bow:

**Cave Goblin:** The model gains Insignificant.

**Common Goblin:** The model gains Insignificant.

**Devastating Charge:** Attacks & Weapons, Melee

A charging model part with Devastating Charge, or using a weapon with Devastating Charge, gains the Model Rules and Characteristic modifiers stated in brackets. For example, a charging model part with Devastating Charge (+1 Strength, Poison Attacks) gains +1 Strength and Poison Attacks when it is charging. This rule is cumulative: a model part with several instances of Devastating Charge applies all Attack Attributes and Characteristics modifiers from all of them when charging.

**Fearless:** If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

**Feral Orc:** The model part gains Born to Fight and Battle Focus. The model gains Frenzy, Fearless, and Aegis (6+).

**Forest Goblin:** The model gains Insignificant and Strider (Forest).

**Frenzy:** A unit with at least half its models with Frenzy cannot choose Flee as Charge Reaction, and when taking Discipline Tests, apply the following:

- If it is a Panic Test, Decimated Test or Fear Test: the unit gains +2 Discipline.
- If it is a Break Test, roll the test as normal.
- If it is any other Discipline Test, the unit suffers -2Discipline.

At the start of the Charge Phase, each of your units with at least one model with Frenzy that could Declare a Charge against an enemy unit within the unit's Advance Rate +7" (using the lowest Advance Rate among the unit's models; if a model has more than 1 Advance Rate available, use the highest one) must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must Declare a Charge this Player Turn. Note that Characters are never forced to charge out of their units.

**Great Weapon:** Attacks made with a Great Weapon gain +2 Strength, +2 Armour Penetration and always strike at Initiative Step 0 (regardless of the wielder's Agility). A model using this weapon cannot simultaneously use a Shield against Melee Attacks

**Harnessed:** Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with with at least one model part with Harnessed is considered to be mounted.

### Insignificant:

**Iron Orc:** The model part gains Born to Fight and Weapon Master. The model gains Fearless.

**Light Armour:** Armor +1

### Light Lance:

**Move or Fire:** The attack may not be used if the attacking model has made an Advance Move, March Move, Reform or Pivot during the current Player Turn.

**Oi it bites!:** Units with model with Oi it bites! cannot be joined by Characters.

**Paired Weapons:** The wielder gains +1 Attack Value when using Paired Weapons. Attacks made with Paired Weapons gain +1 Offensive Skill and ignore Parry. A model using this weapon cannot simultaneously use a Shield against Melee Attacks.

**Plate Armour:** +3 Armor

**Poison Attacks:** If the attack successfully hits with a natural to-hit roll of '6', it automatically wounds with no to-wound roll needed. Shooting Attacks using the Hopeless Shot can only automatically wound if the first to-hit roll is a natural '6'. Note that the second to-hit roll must still be successful in order to hit the target. If the attack can be turned into more than one hit (e.g. a hit with Area Attack, Battle Focus, or Penetrating), only a single hit, chosen by the attacker, automatically wounds. All other hits must roll to wound as normal.

**Scoring:** Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

**Shield:** +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

**Splatterer:** Catapult (4x4) Artillery Weapon.

Range 12-60", Shots 1, Str 3[7], AP 0[4], [Multiple Wounds (D3, Clipped Wings)].

**Strider:** The model automatically passes Dangerous Terrain Tests taken due to Terrain.

If more than half of a unit's models have Strider, the unit never loses their Steadfast or Rank Bonus due to Terrain.

Sometimes Strider is linked to a specific type of Terrain, stated in brackets.

In this case, models with Strider are considered Striders only when interacting with such type of Terrain.

**Stubborn:** A unit with at least one model with Stubborn ignores any Combat Score penalties to its Discipline when taking Break Tests or Combat Reform Discipline Tests.

**They're Everywhere!:** Special Attack.

When a Gnasher Herd Breaks from Combat, it is removed as a casualty at the end of step 7 of the Round of Combat Sequence (after taking Break Tests), and all units within 6" suffer 1 hit for every 5 Gnashers in the Gnasher Herd, rounding fractions down. Hits are resolved with Strength 5 and Armour Penetration 2.

**Venomous Fangs:** Melee.

Before rolling to hit, nominate one Close Combat Attack from a model part with Venomous Fangs. This attack gains Multiple Wounds (D3+1).

If the attack is turned into more than one hit (e.g. a hit with Battle Focus), only a single hit, chosen by the owner, gains the effect.

**War Machine:** The model cannot Pursue, Declare Charges or Declare Flee as Charge Reaction. Characters can never join units with War Machines, and Characters with War Machine cannot join units at all.

When a War Machine fails a Panic Test, instead of Fleeing it is Shaken until the end of the next Player Turn. War Machines that fail a Break Test are automatically destroyed. War Machines and units Engaged in Combat with them cannot make Combat Reforms.

When a unit charges a War Machine, it can move into base contact by having its Front Facing contact any point of the War Machine's base (it must still maximise the number of models in base contact, see subsection II.1.A "Bases and Base Contact", page 4 and Figure 1 page 4). No Align Move is allowed. Ignore the War Machine's Facing, as it does not have any due to its round base.

**Weapon Master:**

## Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
