Druidism

Nature's Call: All Wizards that know at least one Druidism spell (excluding Bound Spells) know the Learned Spell The Oaken Throne in addition to their other spells.

		Casting	Range	Type	Duration	Effect
6	Spirits of the Wood	7+ {6+}	12"	Augment, {Universal}	Last one Turn	Place a Forest Terrain Feature underneath the target (this can be substituted by placing a marker or the spell card next to the unit). This Forest always extends to the edges of the target's Unit Boundary (even if the unit moves or changes formation). {If the target is a friendly unit, it gains Strider (Forest).}
0	The Oaken Throne	4+	Caster	Caster	Permanent	If any friendly Caster is affected by The Oaken Throne, certain spells are cast with an amplified version. Use any text marked with {} and ignore any red text . The Oaken Throne must already be in play when a spell is cast in order to use the {amplified} Attribute. This spell is ended if any friendly Caster attempts to cast The Oaken Throne again, or if the opponent removes a dice from their Magic Dice pool at the end of step 3 of any Magic Phase sequence (after Siphon the Veil).
2	Master of Earth	6+ {5+}	18"	Hex, Damage, Direct	Instant	The range of this spell can be measured from the Caster or from any Impassable Terrain Terrain Feature on the board. The target suffers D6 hits with Strength 4 {5}, Armour Penetration 1 {2} and Magical Attacks.

Anything else*** : Raise 2 {3} Health Points. * More than half of the models in the unit are both Standard Height and either Type Infantry or Beast Type. ** More than half of the models in the unit have Towering Presence. *** Use this if neither of the above is applies.
5	Stone Skin	9+ {8+}	12"	Augment	Last one Turn	The Range of this spell can be measured from the Caster or from any Hill Terrain Feature on the board. The target gains +2 {+3} Resilience.
3	Entwining Roots	6+ {5+}	12"	Hex	Last one Turn	The Range of this spell can be measured from the Caster or from any Forest Terrain Feature on the board. The target suffers -1 {-2} Offensive Skill, -1 {-2} Defensive Skill, and -1 {-2} to hit with Shooting Attacks.

Magic items

Death Cheater: The wearer gains +1 Armour and Fortitude (4+).

Dragonfire Gem: The bearer gains Aegis (2+, against Flaming Attacks). The bearer automatically fails all Fortitude Saves.

King Slayer: The wielder of this enchanted weapon gains +X Strength, +X Armour Penetration, +X Attack Value, and Magical Attacks while using it, where X is equal to the number of enemy Characters in base contact with the wielder's unit. This bonus is calculated at the Initiative Step when the attacks are made.

Magical Heirloom: The bearer gains the Hereditary Spell during Spell Selection, always knows it in addition to its other spells, cannot select it during Spell Selection, and cannot replace or otherwise lose it.

Obsidian Rock: The bearer gains Magic Resistance (2).

Talisman of Shielding: The bearer gains Aegis (5+).

Titantic Might: Attacks made with this enchanted weapon gain +3 Strength and become Magical Attacks.

Magic banners

Aether Icon: The bearer gains Magic Resistance (1). If the unit contains a model with another instance of Magic Resistance, it increases that model's Magic Resistance value by 1 instead.

Model Rules

Accurate:

Aegis:

Battle Focus: If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

Devastating Charge: Attacks & Weapons, Melee

A charging model part with Devastating Charge, or using a weapon with Devastating Charge, gains the Model Rules and Characteristic modifiers stated in brackets. For example, a charging model part with Devastating Charge (+1 Strength, Poison Attacks) gains +1 Strength and Poison Attacks when it is charging. This rule is cumulative: a model part with several instances of Devastating Charge applies all Attack Attributes and Characteristics modifiers from all of them when charging.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Feigned Flight: A unit consisting solely of models with Feigned Flight that voluntarily chooses to Flee as a Charge Reaction, and subsequently passes a Rally Test in its next Player Turn, doesn't become Shaken. Furthermore, the Reform that is made after Rallying in this case doesn't prevent the unit from moving nor from shooting (but it still counts as having moved for shooting purposes). This rule cannot be applied if a unit fails to rally on the next friendly Player Turn or involuntarily Flees, such as a result of a failed Panic Test or if it was already Fleeing when being charged.

Fly: The model gains Light Troops and Swiftstride. Units composed entirely of models with Fly may make Flying Movements when performing a Move Chargers move, an Advance Move, or a March Move. When a unit makes a Flying Movement, substitute its models' Advance Rate with the first value given in brackets (X), and their March Rate with the second value given in brackets (Y). All modifiers to ground movement values are also applied to the flying values of a model. Units using Flying Movement ignore all Terrain Features and units during the Flying Movement (from their starting to their ending position), but must abide by the Unit Spacing rule at the end of the move (unless charging, when the normal exceptions to the Unit Spacing rule apply). They are still affected by the effects of the Terrain Features from which they take off and in which they land.

Forest Walker: The model gains Strider (Forest). If a unit comprised entirely of models with Forest Walker starts a Round of Combat with more than half of its models with the centre of their bases inside a Forest, then all model parts without Harnessed must reroll to-wound rolls of '1' with their Close Combat Attacks for the duration of that Round of Combat.

Frenzy: A unit with at least half its models with Frenzy cannot choose Flee as Charge Reaction, and when taking Discipline Tests, apply the following:

- If it is a Panic Test, Decimated Test or Fear Test: the unit gains +2 Discipline.

- If it is a Break Test, roll the test as normal.

- If it is any other Discipline Test, the unit suffers -2 Discipline.

At the start of the Charge Phase, each of your units with at least one model with Frenzy that could Declare a Charge against an enemy unit within the unit's Advance Rate +7" (using the lowest Advance Rate among the unit's models; if a model has more than 1 Advance Rate available, use the highest one) must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must Declare a Charge this Player Turn. Note that Characters are never forced to charge out of their units.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it

cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Hard Target:

Harnessed: Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with with at least one model part with Harnessed is considered to be mounted.

Light Armour: Armor +1

Light Troops: Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

Lightning Reflexes:

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Shield: +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

Spear:

Strider: The model automatically passes Dangerous Terrain Tests taken due to Terrain.

If more than half of a unit's models have Strider, the unit never loses their Steadfast or Rank Bonus due to Terrain.

Sometimes Strider is linked to a specific type of Terrain, stated in brackets.

In this case, models with Strider are considered Striders only when interacting with such type of Terrain.

Sylvan Lance: Close Combat Weapon

Follows the rules for Light Lances. In addition, attacks made with a Sylvan Lance gain +1 Armour Penetration.

Sylvan Longbow: Shooting Weapon

0-55 Models with Sylvan Longbow per Army.

Follows the rules for Longbows. In addition, attacks made with a Sylvan Longbow gain Armour Penetration 1 and Quick to Fire. Also, when shooting from Short Range, their Strength is set to 4.

Tree Singing: Each model with Tree Singing may discard 1 Veil Token once per friendly Magic Phase, immediately after Siphon the Veil. If so, choose a Forest Terrain Feature within 24" of the model with Tree Singing that is not in contact with any unit.

Move this Forest in a straight line up to 6". This movement stops immediately before moving into contact with any units or any Terrain Features other than Open Terrain. Each Forest may only be moved with Tree Singing once per Magic Phase.

Vanguard: After Deployment (including units with Scout), models with Vanguard may perform a 12" move. The move is performed as an Advance Move in the Movement Phase, including any actions and restrictions the unit would normally have (such as Wheeling, Reforming, joining units, leaving units and so on). The 12" distance is used instead of the unit's Advance Rate and March Rate. This move cannot be used to move within 12" of enemy units. This is decreased to 6" for enemy units which have either Scouted or Vanguarded. Units that have moved in this way may not Declare Charges in the first Player Turn (if their side has the first turn). If both players have units with Vanguard, alternate moving units one at a time, starting with the player that finished deploying last. Instead of moving a unit, a player may declare to not move any more Vanguarding units.

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection
