## Magics

### Racial Trait Spell

During Spell Selection, if a Wizard from Empire of Sonnstahl either selects the Hereditary Spell or gains it by any other means, it must instead choose a single Path from the ones available to it other than its own chosen Path. The Wizard gains the Learned Spell 1 from that Path.

	<i>Casting</i>	<i>Range</i>	<i>Type</i>	<i>Duration</i>
<i>Liberal Magics</i>				
<i>Mf</i>	-			Last one Turn

Cosmology

**Duality:** All Cosmology spells are divided into two versions, representing opposing aspects; Cosmos and Chaos. When casting Cosmology spells, always declare which version of the spell you are using. Whenever the Caster successfully casts a non-Bound Cosmology spell, the next Cosmology spell it attempts to cast has its Casting Value reduced by 1, provided this spell is a Cosmology spell of the opposing aspect.

		<i>Casting</i>	<i>Range</i>	<i>Type</i>	<i>Duration</i>	<i>Effect</i>
<b>1</b>	Altered Sight Cosmos	5+	24"	Augment	Last one Turn	The target gains +1 Offensive Skill and +1 Defensive Skill, and has its weapons' Aim <b>improved</b> by 1.
<b>1</b>	Altered Sight Chaos	5+	24"	Hex	Last one Turn	The target suffers -1 Offensive Skill and -1 Defensive Skill, and has its weapons' Aim <b>worsened</b> by 1.
<b>2</b>	Truth of Time Cosmos	5+	24"	Augment	Last one Turn	The target gains +2" Advance Rate and +2 Agility.
<b>2</b>	Truth of Time Chaos	5+	24"	Hex	Last one Turn	The target suffers -2" Advance Rate, to a minimum of 3", and -2 Agility, to a minimum of 1.
<b>3</b>	Ice and Fire Cosmos	8+	24"	Hex, Missile, Damage	Instant	The target suffers 2D6 hits with Strength 4, Armour Penetration 0, and <b>Magical Attacks</b> . Successful <b>Special Saves</b> against wounds caused by this spell must be rerolled.
<b>3</b>	Ice and Fire Chaos	8+	24"	Hex, Damage, Augment	Instant	The target suffers 2D6 hits with Strength 4 and Armour Penetration 0, and <b>Magical Attacks</b> . Successful <b>Armour Saves</b> against wounds caused by this spell must be rerolled.
<b>4</b>	Perception of Strength Cosmos	8+	24"	Augment	Last one Turn	The target gains +1 Strength and +1 Armour Penetration.
<b>4</b>	Perception of Strength Chaos	8+	24"	Hex	Last one Turn	The target suffers -1 Strength and -1 Armour Penetration.
<b>5</b>	Unity in Divergence Cosmos	10+	24"	Augment	Last one Turn	All models in the target unit <b>gain Aegis (5+)</b> .
<b>5</b>	Unity in Divergence Chaos	10+	24"	Hex, Damage, Direct	Instant	The target suffers 1 hit with Area Attack (6×6), Strength 3, Armour Penetration 0, and <b>Magical Attacks</b> .
<b>6</b>	Truth of Time Cosmos	7+	24"	Augment, Focused	Instant	The target <b>Recovers</b> 1 Health Point
<b>6</b>	Touch the Heart chaos	7+	24"	Hex, Missile, Damage, Focused	Instant	The target suffers <b>1 hit that wounds automatically</b> with Armour Penetration 10 and <b>Magical Attacks</b> .

## Model Rules

**Blessings:** The model's unit gains **Hatred**. Model parts with Harnessed are not affected. The model can cast the following three Bound Spells with Power Level (4/8), Type: Caster's Unit and Augment, and Duration: One Turn. **Ullor's Blessing** The target gains **Aegis (5+, against Melee Attacks)**. **Sunna's Blessing** The target gains **Flaming Attacks**. All enemy units in base contact with one or more targets of this spell when the spell is cast suffer D6 hits with Strength 4, Armour Penetration 1, **Flaming Attacks**, and **Magical Attacks**. **Volund's Blessing** The target's failed to-wound rolls with **Melee Attacks** must be rerolled.

**Bodyguard:** When a Character is joined to a unit in which at least one model has Bodyguard, that Character gains **Stubborn**. When Characters or Character types are stated in brackets, Bodyguard only works for the specified Characters or Character types.

### Bow:

**Channel:** During step 3 of the Magic Phase Sequence, each of the Active Player's models with Channel may add X Veil Tokens to the owner's Veil Token Pool. This Universal Rule is cumulative, adding X Veil Tokens of each independent instance of Channel to the model's total Channel value (so e.g. a model with Channel (1) and Channel (2) is treated like a model with Channel (3)).

**Divine Attacks:** Successful Aegis saves taken against the attack must be rerolled.

**Engineer:** Once per Shooting Phase, an unengaged Engineer may select a single War Machine within 6" that has not fired yet to gain the following effects:

- Replace the Aim of one of the War Machine's Artillery Weapons with the value given in brackets (X+).
- You may reroll the roll on the Misfire Table.
- You may reroll the dice (all of them or none) for determining the number of hits of a Flamethrower Artillery Weapon.

**Fear:** Units in base contact with one or more enemy models with Fear suffer -1 Discipline. At the start of each Round of Combat, such units must take a Discipline Test,

called a Fear Test. If this test is failed, the models in the unit are Shaken until the end of the Round of Combat. Models that have Fear themselves are immune to the effects of Fear.

**Hand Weapon:** All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

**Harnessed:** Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with with at least one model part with Harnessed is considered to be mounted.

**Heavy Armour:** +2 Armor

**Light Armour:** Armor +1

**Light Troops:** Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

**Master Artificer:** The Master Artificer may give the Order **Ready! Aim! Fire!** to a Parent Unit or Support Unit it has joined.

**Move or Fire:** The attack may not be used if the attacking model has made an Advance Move, March Move, Reform or Pivot during the current Player Turn.

**Orders:** A Character with Orders may give a single Order to a Parent or Support Unit within 8"; A General with Orders may instead give a single Order to a friendly Parent or Support Unit within the range of its Commanding Presence. Orders are given at the start of each friendly Player Turn, and their effects last until the end of the next Player Turn. A unit cannot receive the same Order more than once during the same Player Turn. Only models of Standard Height are affected. The available Orders are listed below: **Brace For Impact!** The target gains **Fight in Extra Rank. On The Double!** The target gains +1"; Advance Rate and +4"; March Rate. **Ready! Aim! Fire!** The target gains **Accurate. Steady, Men!** Discipline Tests taken by the target are subject to Minimised Roll. A unit that receives this Order and passes a Rally Test doesn't become Shaken, and the Reform that is made after Rallying doesn't prevent the unit from moving and/or shooting (but it still counts as having moved for shooting purposes). d

**Paired Weapons:** The wielder gains +1 Attack Value when using Paired Weapons. Attacks made with Paired Weapons gain +1 Offensive Skill and ignore Parry. A model using this weapon cannot simultaneously use a Shield against Melee Attacks.

**Parent Unit:** A unit is considered a Parent Unit if at least half of its models have this Universal Rule. Parent Units treat all Support Units as **insignificant**. Immediately after a Parent Unit passes a Charge Range roll against a non-Fleeing enemy unit in the Charge Phase, before performing the Charge Move, any Support Units within 8" of the Parent Unit may perform a Support Charge. To do so, the whole Support Unit declares a Charge against the same enemy unit. Apply all of the usual rules for Charging for this out-of-sequence Charge (such as Line of Sight, Front Arc, must roll for Charge Range, max. one Wheel, etc.), with the exception that the enemy cannot choose a Charge Reaction other than Hold. For the purpose of Charge Moves, treat this as any other case of Combined Charges. When calculating Combat Scores in the following Melee Phase, combine the Rank Bonus of both the Parent Unit and up to one Support Unit that performed a successful Support Charge (following all normal restrictions), up to a maximum of +6.

**Pistol:** Range 12" Shots 1 Strength 4 Armour Penetration 2 QuicktoFire

**Plate Armour:** +3 Armor

**Reserves:** The unit is treated as **Insignificant** by Parent and Support Units.

**Scoring:** Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

**Shield:** +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

**Support Unit:** A unit is considered a Support Unit if at least half of its models have this Universal Rule. Support Units are treated as **insignificant** by Parent Units. Support Units within 8" of at least one Parent Unit gain **Fight in Extra Rank** and may use Shooting Attacks from the third rank (in addition to the first and second). If the Support Unit has at least one Full Rank, it counts as having the same number of Full Ranks as a Parent Unit within 8"; for the purpose of being Steadfast if it has fewer Full Ranks than the Parent Unit. During the opponent's Charge Phase, Support Units may perform one of the following actions: 1. Immediately after an unengaged Parent Unit within 8"; declares a Charge Reaction other than a mandatory Flee Charge Reaction, the Support Unit may Stand and Shoot as if the enemy had declared a Charge against them in their current position (apply the normal rules for the Stand and Shoot Charge Reaction). 2. Immediately after all enemy units have completed their Charge Moves, Support Units within 8"; of any Parent Unit that was successfully Charged in this phase may Counter Charge. To do so, choose one enemy unit that successfully Charged the Parent Unit and declare a Charge with the whole Support Unit. Apply all the usual rules for Charging for this out-of-sequence Charge (such as Line of Sight, Front Arc, must roll for Charge Range, max. one Wheel, etc.). When calculating Combat Scores in the following Melee Phase, combine the Rank Bonus of both the Parent Unit and up to one Support Unit that performed a successful Counter Charge (following all normal restrictions), up to a maximum of +6.

**War Machine:** The model cannot Pursue, Declare Charges or Declare Flee as Charge Reaction. Characters can never join units with War Machines, and Characters with War Machine cannot join units at all.

When a War Machine fails a Panic Test, instead of Fleeing it is Shaken until the end of the next Player Turn. War Machines that fail a Break Test are automatically destroyed. War Machines and units Engaged in Combat with them cannot make Combat Reforms.

When a unit charges a War Machine, it can move into base contact by having its Front Facing contact any point of the War Machine's base (it must still maximise the number of models in base contact, see subsection II.1.A "Bases and Base Contact", page 4 and Figure 1 page 4). No Align Move is allowed. Ignore the War Machine's Facing, as it does not have any due to its round base.

**Wizard Apprentice:** - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

## Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
