Model Rules

Battle Focus: If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Frenzy: At the start of the Charge Phase, each of your nonFleeing units with at least one model with Frenzy that is unengaged, does not contain any Shaken models, and has an enemy unit inside its Front Arc within the unit's Advance Rate +7" must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must declare a Charge this Player Turn if possible.

Frenzy Tests and Restrain Pursuit Tests taken by units with at least one model with Frenzy are subject to Maximised Roll.

If there are different Advance Rates available in the unit, the Advance Rate used for the Frenzy Test and for the Charge Range is determined as follows:

- If a model has more than one Advance Rate (e.g. due to Fly), the model must use the Advance Rate that has the highest chance of completing the Charge.
- If a unit contains models with different Advance Rates, the unit must use the highest Advance Rate that all models in the unit can use (which will usually be the lowest)

Advance Rate in the unit).

For example, a model with Advance Rate 2" and Fly (8", 16") must use the Advance Rate from Fly. And if a Character in a Combined Unit has Advance Rate 4" while the R&F models have 6", the Combined Unit must use Advance Rate 4". Note that when a unit is forced to declare a Charge due to a failed Frenzy Test, it is not forced to Charge the enemy unit that triggered the Frenzy Test.

Impact Hits: At Initiative Step 10, a charging model part with Impact Hits must choose an enemy unit that is in base contact with the attacking model's Front Facing. This unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the attacking model part's Strength and Armour Penetration. If a model has both Grind Attacks and Impact Hits, it may only use one of these rules in the same Round of Combat (its controlling player may choose which). In multipart models, only model parts that also have Harnessed or Inanimate can use their Impact Hits. When several models in the same unit have Impact Hits, and when X is a random number (e.g. Impact Hits (D6)), roll for the number of hits separately for each model part.

Lethal Strike: If the attack wounds with a natural to-wound roll of 6+, its Armour Penetration is set to 10 and the target of the attack cannot take a Regeneration save against it.

Light Armour: Armor +1

Primal Instinct: At the start of each Round of Combat that the model's unit is fighting, each unit with one or more model parts with this Attack Attribute **must** take a Discipline Test. If the test is passed, all model parts with Primal Instinct in the unit **must** reroll failed to-hit rolls during this Round of Combat.

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Strength from Flesh: Whenever a Gortach inflicts an unsaved wound with Lethal Strike (rolling a natural '6' to wound with a Close Combat Attack with Lethal Strike), the attack gains **Multiple Wounds (D3)**, and the Gortach Recovers 1 Health Point at the end of the Initiative Step (unless the Gortach was removed as a casualty in this Initiative Step). No more than 1 Health Point may be Recovered by each Gortach per phase in this manner.

Strider: The model automatically passes Dangerous Terrain Tests taken due to Terrain.

If more than half of a unit's models have Strider, the unit never loses their Steadfast or Rank Bonus due to Terrain.

Sometimes Strider is linked to a specific type of Terrain, stated in brackets.

In this case, models with Strider are considered Striders only when interacting with such type of Terrain.

Stubborn: A unit with at least one model with Stubborn ignores any Combat Score penalties to its Discipline when taking Break Tests or Combat Reform Discipline Tests.
