Magics

Racial Trait Spell

	Casting	Range	Type	Duration
H The Awakened Swarm				
<i>Mf</i>	(12") {18"}	(5+) {7+}	Ground	Instant
The range of this spell can be measured from the Caster or from any friendly Tunnel Marker on the Battlefield. Summon a Rat Swarm (profile below) on the targeted point.				

Thaumaturgy

Judgement on High: When casting non-Bound Spells from this Path, all Magic Dice that result in '1' must be rerolled. Dice causing a Miscast cannot be rerolled. If a Caster Miscasts when casting a spell from this Path, add a +1 Miscast Modifier.

		Casting	Range	Type	Duration	Effect
1	Hand of Heaven	5+ [8+]	24"	Hex, Missile, Damage	Last one Turn	The target suffers D6 [D6+1] hits with Strength D6 [D6+1], Armour Penetration 2 [3], and Magical Attacks.
2	Smite the Unbeliever	6+ [9+]	24"	Hex	Last one Turn	Immediately after successfully casting this spell, roll a D6. [Choose which effect to apply when casting the spell.] - If 1-3 is rolled, the target suffers -1 Resilience. - If 4-6 is rolled, the target suffers -1 Strength and -1 Armour Penetration.
3	Speaking in Tongues	7+	18"	Universal	Last one Turn	If this spell targets a friendly unit, the target may reroll failed Discipline Tests. If this spell targets an enemy unit, the target can never reroll failed Discipline Tests.
4	Cleansing Fire	5+ [8+]	Caster [18"]	[Augment], Focused	Instant	The target gains Breath Attack (Strength D3+2, Armour Penetration 1, Magical Attacks). (Roll the D3 immediately after successfully casting this spell.) [This spell may only target Characters, Champions, and single model units.]
5	Wrath of God	12+	96"	Ground	Permanent	Place a counter on the target point. At the end of each subsequent Magic Phase roll a D6; if 1-3 is rolled, add another counter on the same point. If 4-6 is rolled, each unit within (2D6+X)", where X is equal to the number of counters, suffers 2D6 hits with Strength 5, Armour Penetration 2, and Magical Attacks. If a unit fails a Panic Test forced by the spell, it flees directly away from the marked point. The spell then ends, remove all counters.
6	Trial of Faith	7+ [10+]	12" [18"]	Hex, Missile, Damage, Focused, Direct	Instant	The Caster rolls D3+1 and the target rolls D3. If the Caster's roll is higher, the target suffers a number of hits equal to the difference between their respective rolls. These hits wound automatically with Armour Penetration 10 and Magical Attacks.

Magic items

Cleansing Light: At the start of each Round of Combat, the wielder may choose to have attacks made with this weapon become Flaming Attacks and Magical Attacks.

Essence of Mithril: The wearer's Armour is set to 5 and can never be improved beyond this.

Swarm Master: While using this weapon, the wielder gains **Grind Attacks (X)**, where X is the number of Full Ranks in the wielder's unit, up to a maximum of 10. These Grind Attacks are resolved with Strength 3, Armour Penetration 1, and **Magical Attacks**.

Tom of the Ratking: The bearer can cast The Awakened Swarm (Hereditary Spell) as a Bound Spell with Power Level (4/8).

Magic banners

Rending Banner: One use only. May be activated at the start of a Round of Combat. Close Combat Attacks from R&F models in the bearer's unit gain +1 Armour Penetration until the bearer's unit is no longer Engaged in Combat. A model can only be affected by a single Rending Banner at the same time.

Model Rules

Aegis:

Callous: Health Point losses of the model that are caused by friendly models are ignored for Panic (including units destroyed due to attacks from friendly models). The model may use Shooting Attacks against enemy units Engaged in Combat, with the following rules and restrictions: • Friendly units Engaged in this Combat are ignored for Cover purposes (but not for drawing Line of Sight). • Roll to hit as normal against the intended target. Immediately after determining the number of hits, roll a D6 for each hit. On a roll of 4+, the hit is distributed onto a randomly chosen friendly unit Engaged with the original target. Otherwise, proceed as normal.

Chain Lightning: The model's Grind Attacks are resolved with Strength D6+1 and Armour Penetration 3.

Cohort Coordination: While the model's unit is Steadfast and does not suffer from Disrupted Ranks, the model gains **Fight in Extra Rank**. Check if the conditions are met and apply the effects at the start of each Initiative Step.

Dark Doorways: The model cannot be deployed during the Deployment Phase. Instead, at the start of any Player Turn, the owner may choose a friendly unit of Vermin Velites, Vermin Legionaries, Blackfur Veterans, Shadowfur Stalkers, or Ignifier Grenadiers that is not Fleeing, even if Engaged, and apply the following rules: • Remove a R&F model from the chosen unit's first rank as a casualty. You cannot remove the last R&F model from a unit. • Deploy the Duskblade Assassin in the position of the removed model. • The Duskblade Assassin cannot voluntarily leave its unit during the Player Turn in which it was deployed. • If the model is not deployed by the end of Game Turn 4, it counts as a casualty and cannot be deployed for the rest of the game. • The model cannot be deployed in a Summoned unit.

Darkstone Generator: Shooting Weapon.

Range 12", Shots D6+1, Strength D6+1, Armour Penetration 3, March and Shoot, Mishap (Roll for number of Shots), Reload!

The attacks hit automatically.

Trial and Terror: The weapon instead targets and automatically hits all units within 6" (including units not inside the Front Arc/Line of Sight, and units Engaged in Combat) except the shooting unit itself (remember that models that are Engaged in Combat cannot perform Shooting Attacks). Roll once for the number of shots and apply this value to all targeted units, then roll for the Strength of the hits for each targeted unit individually.

These shots are not randomized using the rules for Callous.

Devastating Charge: Attacks & Weapons, Melee

A charging model part with Devastating Charge, or using a weapon with Devastating Charge, gains the Model Rules and Characteristic modifiers stated in brackets. For example, a charging model part with Devastating Charge (+1 Strength, Poison Attacks) gains +1 Strength and Poison Attacks when it is charging. This rule is cumulative: a model part with several instances of Devastating Charge applies all Attack Attributes and Characteristics modifiers from all of them when charging.

Disdain for Plebs: The model cannot be chosen by the opponent as the model that suffers the penalties for refusing a Duel.

Distracting: Close Combat Attacks allocated towards a model with Distracting suffer a -1 to-hit modifier. This to-hit modifier cannot be combined with any other negative to-hit modifiers.

Divine Attacks: Successful Aegis saves taken against the attack must be rerolled.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Fight in Extra Rank:

Grind Attacks: A model part with Grind Attacks resolves these attacks at its own Agility. It must choose an enemy unit in base contact with it. The chosen enemy unit suffers a number of hits equal to the value stated in brackets (X). These hits

are resolved with the model part's own Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits

, it may only use one of these rules in the same Round of Combat

(its controlling player may choose which). When several model parts in the same unit have Grind Attacks and when

X is a random number (e.g. Grind Attacks (2D3)), roll for the number of hits separately for each model part.

Halberd: Attacks made with a Halberd gain +1 Strength and +1 Armour Penetration. A model using this weapon cannot simultaneously use a Shield against Melee

Attacks.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Heavy Armour: +2 Armor

Inanimate: Inanimate - Melee

Model parts with Inanimate cannot make Close Combat Attacks and cannot use Shooting Weapons. Shooting Weapons carried by model parts with Inanimate can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate).

Insignificant:

Life is Cheap: When calculating Combat Score, halve the number of Health Point losses of models with Life is Cheap, rounding fractions up. This does not include Combat Score bonuses from Overkill.

Light Armour: Armor +1

Light Troops: Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves.

They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

Multiple Wounds: Attacks & Weapons, Melee

Unsaved wounds caused by the attacks are multiplied into the value given in brackets (X). If the value is a dice (e.g. Multiple Wounds (D3)), roll one dice for each unsaved wound with Multiple Wounds. The amount of wounds that the attack is multiplied into can never be higher than the Health Points Characteristic of the target (excluding Health Points lost previously in the battle). For example, if a Multiple Wounds (D6) attack wounds a unit of Trolls (HP 3) and rolls a '5' for the multiplier, the number of unsaved wounds is reduced to 3, even if the Troll unit has already lost one or two Health Points previously in battle.

If Clipped Wings is stated after the X value in brackets, any unsaved wound caused by the attack against a model with Fly is multiplied into X+1 instead of X.

Not a Leader: The model cannot be the General.

Paired Weapons: The wielder gains +1 Attack Value when using Paired Weapons. Attacks made with Paired Weapons gain +1 Offensive Skill and ignore Parry. A model using this weapon cannot simultaneously use a Shield against Melee Attacks.

Quick to Fire:

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Sic Semper Tyrannis: While the model's unit is in base contact with one or more enemy Characters, the model gains +1 Attack Value for each other Duskblade Assassin in the same unit.

Stubborn: A unit with at least one model with Stubborn ignores any Combat Score penalties to its Discipline when taking Break Tests or Combat Reform Discipline Tests.

Supernal:

Swiftstride: When a unit composed entirely of models with Swiftstride rolls Charge Range, Flee Distance, Pursuit Distance or Overrun Distance, it rolls an additional D6 (normally this will lead to rolling 3D6) and discards the lowest D6 rolled.

Throwing Weapons: Range 8", Shots 2, FO Same as user, AP Same as user, Accurate, Quick to Fire

Unlimited Power!: The model must be the General. While within range of the model's Commanding Presence, other friendly units gain **Fearless**. In addition, while Steadfast and not suffering from Disrupted Ranks, the units also gain **Unstable**.

Wizard Adept: - Knows 2 spells.

- Can select from the Learned Spells 1, 2, 3, and 4 of its chosen Path and the Hereditary Spell of its army.
- The Wizard gains Channel (1) and selects its spells as described in Spell Selection.

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.
- The Wizard selects its spells as described in Spell Selection

Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
