3	Hasten the Hour	7+ [10+]	24" [18"]	Hex, Damage, Direct	Instant	Choose 1 {up to 3 different} models in the target unit (which may be Characters or Champions). Each of them suffers 1 hit that wounds automatically with Armour Penetration 10 and Magical Attacks.
2	Whispers of the Veil	8+	24"	Hex	Last one Turn	The target suffers -1 Resilience. In addition, a unit with at least one model affected by one or more instances of the spell suffers -1 Discipline.
A	Evocation of Souls				Instant	If your Veil Token pool contains less than 3 Veil Tokens, you gain one Veil Token. No more than 1 Veil Token can be gained from this spell each Phase.
5	Touch of the Reaper	7+ [9+]	(24") {18"}]	Hex, Missile, Damage, Focused, Direct	Instant	The target suffers D3 hits with Strength 10, Armour Penetration 10, and Magical Attacks. When rolling to wound with this attack, use the target's Discipline instead of the target's Resilience.
6	Danse Macabre	5+ {9+}	12" [9"Aura]	Augment	Instant	The target may perform a 8" [6"] Magical Move and gains Ghost Step during this move.
4	Ancestral Aid	6+ [7+]	12" [18"]	Augment	Last one Turn	The target must reroll failed to-hit rolls with its Close Combat Attacks.

## Magic items

**Aaghor's Affliction:** The wearer gains +1 Resilience and **Fortitude (4+)**, but automatically fails all of its Armour Saves.

**Blessed Inscriptions:** Attacks made with this enchanted weapon become Divine Attacks and Magical Attacks, and failed to wound rolls must be rerolled.

**Destiny's Call:** The wearer gains Aegis (4+) and its Armour is set to 3 and can never be improved beyond this.

## Magic banners

**Aether Icon:** The bearer gains Magic Resistance (1). If the unit contains a model with another instance of Magic Resistance, it increases that model's Magic Resistance value by 1 instead.

**Banner of the Relentless Company:** One use only. May be activated during the owner's Movement Phase. All Infantry models in the bearer's unit always have March Rate 15", until the end of the Player Turn. Only a single Banner of the Relentless Company may be activated during the same phase.

## Model Rules

**Ambush:**

**Battle Focus:** If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

**Blood Offering:** Universal Rule.

A unit that includes at least one Character with Blood Offering may reroll failed Panic Tests at the cost of inflicting one wound with no saves of any kind allowed to a Character with Blood Offering in the unit.

**Bodyguard:** When a Character is joined to a unit in which at least one model has Bodyguard, that Character gains Stubborn. When Characters or Character types are stated in brackets, Bodyguard only works for the specified Characters or Character types.

**Bow:**

**Fearless:** If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

**Frenzy:** A unit with at least half its models with Frenzy cannot choose Flee as Charge Reaction, and when taking Discipline Tests, apply the following:

- If it is a Panic Test, Decimated Test or Fear Test: the unit gains +2 Discipline.

- If it is a Break Test, roll the test as normal.

- If it is any other Discipline Test, the unit suffers -2 Discipline.

At the start of the Charge Phase, each of your units with at least one model with Frenzy that could Declare a Charge against an enemy unit within the unit's Advance Rate +7" (using the lowest Advance Rate among the unit's models; if a model has more than 1 Advance Rate available, use the highest one) must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must Declare a Charge this Player Turn. Note that Characters are never forced to charge out of their units.

**Hand Weapon:** All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

**Hard Target:**

**Heavy Armour:** +2 Armor

**Impact Hits:** At Initiative Step 10, a charging model part with Impact Hits must choose an enemy unit that is in base contact with the attacking model's Front Facing.

This unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the attacking model part's Strength and Armour Penetration.

If a model has both Grind Attacks and Impact Hits, it may only use one of these rules in the same Round of Combat (its controlling player may choose which). In multipart models, only model parts that also have Harnessed or Inanimate can use their Impact Hits. When several models in the same unit have Impact Hits, and when X is a random number (e.g. Impact Hits (D6)), roll for the number of hits separately for each model part.

**Insignificant:**

**Lethal Strike:** If the attack wounds with a natural to-wound roll of 6+, its Armour Penetration is set to 10 and the target of the attack cannot take a Regeneration save against it.

**Light Armour:** Armor +1

**Light Troops:** Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

**Pack Tactics:** Units fully composed of models with Pack Tactics gain Swiftstride for the Charge Range roll if they are Located in the Charged unit's Flank or Rear Facing when rolling their Charge Range in the Charge Phase.

**Primal Instinct:** Attack Attribute – Close Combat

At the start of each Round of Combat, each unit with one or more model parts with this Attack Attribute must take a Discipline Test.

If the test is passed, all model parts with Primal Instinct in the unit must reroll failed to-hit rolls during this Round of Combat.

**Scoring:** Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.

- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.

- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

**Skirmisher:** The model can draw Lines of Sight in any direction (i.e. it is not limited by the Front Arc) from any point on its base (remember that Charge Moves are limited by a single Wheel of no more than 90°, and that Stand and Shoot Charge Reactions can only be done against enemies in the Front Arc) and can always use Shooting Attacks from any rank (they are not limited to shooting from first and second rank).

Units with at least one R&F model with Skirmisher are formed into a skirmish formation. They are not placed in base to base contact with each other. Instead, models are placed with a 12.5 mm distance between them. This gap is considered part of the unit for Cover purposes, and will have the same Size as the models in the unit. Other than this gap between models, units with Skirmisher follow the normal rules for forming units and therefore have a Front, two Flanks, a Rear, can perform Supporting Attacks, and so on. Units in skirmish formation gain Hard Target and Light Troops, never block Line of Sight, and when units in skirmish formation would contribute to Hard Cover, they contribute to Soft Cover instead.

**Strength from Flesh:** Attack Attribute – Close Combat.

Whenever a Gortach inflicts an unsaved wound with Lethal Strike (rolling a natural '6' to wound with a Close Combat Attack with Lethal Strike), the attack gains Multiple Wounds (D3), and the Gortach Recovers 1 Health Point at the end of the Initiative Step (unless the Gortach was removed as a casualty in this Initiative Step). No more than 1 Health Point may be Recovered by each Gortach per phase in this manner.

**Strider:** The model automatically passes Dangerous Terrain Tests taken due to Terrain.

If more than half of a unit's models have Strider, the unit never loses their Steadfast or Rank Bonus due to Terrain.

Sometimes Strider is linked to a specific type of Terrain, stated in brackets.

In this case, models with Strider are considered Striders only when interacting with such type of Terrain.

**Stubborn:** A unit with at least one model with Stubborn ignores any Combat Score penalties to its Discipline when taking Break Tests or Combat Reform Discipline

Tests.

**Vanguard:** After Deployment (including units with Scout), models with Vanguard may perform a 12" move. The move is performed as an Advance Move in the Movement Phase, including any actions and restrictions the unit would normally have (such as Wheeling, Reforming, joining units, leaving units and so on). The 12" distance is used instead of the unit's Advance Rate and March Rate. This move cannot be used to move within 12" of enemy units. This is decreased to 6" for enemy units which have either Scouted or Vanguarded. Units that have moved in this way may not Declare Charges in the first Player Turn (if their side has the first turn). If both players have units with Vanguard, alternate moving units one at a time, starting with the player that finished deploying last. Instead of moving a unit, a player may declare to not move any more Vanguarding units.

**Wizard Apprentice:** - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection
