### Magics

Racial Trait Spell

	Casting	Range	Type	Duration
	<b>Children of Umi</b>			
<i>Mf</i>	7+ [10+]	18"	Augment	Last one Turn
<i>All Melee Attacks against the target suffer -1 to wound.</i>				
<i>[Additionally, all Shamans in the target gain +1 Resilience.]</i>				

### Magic items

**Mammoth-Hide Cloak:** The wearer gains +1 Armour. Attacks against thewearer cannever have a Strength above 5.

## Magic banners

**Pennant of the Great Grass Sky:** The bearer's unit gains **Swiftstride**.

## Model Rules

**Battle Focus:** If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

**Battle-Scarred:** Universal Rule.

Each unit of Mercenary Veterans may be given up to two of the upgrades listed below (the upgrades must be written on the Army List). The models gain:

- Accurate
- Devastating Charge (+1 Str, +1 AP)
- Lethal Strike
- Magic Resistance (2)
- Plate Armour
- Poison Attacks
- Swiftstride
- Vanguard

Each upgrade may only be taken by a single unit of Mercenary Veterans in your army.

**Devastating Charge:** Attacks & Weapons, Melee

A charging model part with Devastating Charge, or using a weapon with Devastating Charge, gains the Model Rules and Characteristic modifiers stated in brackets. For example, a charging model part with Devastating Charge (+1 Strength, Poison Attacks) gains +1 Strength and Poison Attacks when it is charging. This rule is cumulative: a model part with several instances of Devastating Charge applies all Attack Attributes and Characteristics modifiers from all of them when charging.

**Fearless:** If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

**Frenzy:** A unit with at least half its models with Frenzy cannot choose Flee as Charge Reaction, and when taking Discipline Tests, apply the following:

- If it is a Panic Test, Decimated Test or Fear Test: the unit gains +2 Discipline.
- If it is a Break Test, roll the test as normal.
- If it is any other Discipline Test, the unit suffers -2 Discipline.

At the start of the Charge Phase, each of your units with at least one model with Frenzy that could Declare a Charge against an enemy unit within the unit's Advance Rate +7" (using the lowest Advance Rate among the unit's models; if a model has more than 1 Advance Rate available, use the highest one) must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must Declare a Charge this Player Turn. Note that Characters are never forced to charge out of their units.

**Great Weapon:** Attacks made with a Great Weapon gain +2 Strength, +2 Armour Penetration and always strike at Initiative Step 0 (regardless of the wielder's Agility). A model using this weapon cannot simultaneously use a Shield against Melee Attacks

**Hand Weapon:** All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

**Harnessed:** Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with at least one model part with Harnessed is considered to be mounted.

**Heavy Armour:** +2 Armor

**Impact Hits:** At Initiative Step 10, a charging model part with Impact Hits must choose an enemy unit that is in base contact with the attacking model's Front Facing. This unit suffers a number of hits equal to the value stated in brackets (X). These hits are resolved with the attacking model part's Strength and Armour Penetration. If a model has both Grind Attacks and Impact Hits, it may only use one of these rules in the same Round of Combat (its controlling player may choose which). In multipart models, only model parts that also have Harnessed or Inanimate can use their Impact Hits. When several models in the same unit have Impact Hits, and when X is a random number (e.g. Impact Hits (D6)), roll for the number of hits separately for each model part.

**Insignificant:**

**Light Armour:** Armor +1

**Living Avalanche:** Attack Attribute - Close Combat

The model's Impact Hits gain +1 Strength and +1 Armour Penetration.

**Mountain Hide:** When a model with Mountain Hide suffers a wound from an attack with Multiple Wounds, the number of wounds that it is multiplied into (due to Multiple Wounds) is halved, rounding fractions up.

**Scoring:** Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

**Scrapling Lookout:** If a unit includes a Standard Bearer or a Battle Standard Bearer with Scrapling Lookout, R&F models must be fewer than 3 before hits can be distributed onto Characters with the same Type and Size as the unit.

**Sons of the Avalanche:** The model part gains Impact Hits (1). If its unit has 2 or more Full Ranks, the model part gains Impact Hits (2). A Character with Sons of the Avalanche instead gains Impact Hits (D3), or Impact Hits (D3+1) if its unit has 2 or more Full Ranks. In addition, the model is immune to the effects of Fear of enemy models.

## Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
