If one or more unsaved wounds are caused, the target suffers -1 to hit with its Shooting Attacks. This spell is immediately ended when the target performs an Advance, March, Charge, Failed Charge, or Pursuit Move.

Magic items

Fortress of Faith: While using this Shield, the bearer **must** reroll natural to-hit and to-wound rolls of '1' with its Close Combat Attacks, and **must** reroll natural Armour Save rolls of '1'.

Uther's Conviction: The wearer gains +1 Armour and **Aegis (+1, max. 4+, against Armour Penetration 6 or more)**

Wyrwood Core: The wielder gains **Breath Attack (Str 5, AP 0, Flaming Attacks)**. Attacks made with this weapon become **Flaming Attacks** and **Magical Attacks**.

Model Rules

Bastard Sword: Close Combat Weapon

Attacks made with this weapon gain +2 Strength, +2 Armour Penetration, and always strike at Initiative Step 0 (regardless of the wielder's Agility). In the First Round of Combat, it may instead be used as a Spear if the wielder is Infantry or as a Light Lance if the wielder is not Infantry. All R&F models in the unit must use the weapon in the same way. A Bastard Sword can be enchanted as if it was a Great Weapon.

Beloved: Universal Rule.

When the model is joined to a unit with at least one Full Rank of models with Lance Formation, it gains Stand Behind and cannot be chosen by the opponent as the model that suffers the penalties for refusing a Duel.

Devastating Charge: Attacks & Weapons, Melee

A charging model part with Devastating Charge, or using a weapon with Devastating Charge, gains the Model Rules and Characteristic modifiers stated in brackets. For example, a charging model part with Devastating Charge (+1 Strength, Poison Attacks) gains +1 Strength and Poison Attacks when it is charging. This rule is cumulative: a model part with several instances of Devastating Charge applies all Attack Attributes and Characteristics modifiers from all of them when charging.

Fly: The model gains Light Troops and Swiftstride. Units composed entirely of models with Fly may make Flying Movements when performing a Move Chargers move, an Advance Move, or a March Move. When a unit makes a Flying Movement, substitute its models' Advance Rate with the first value given in brackets (X), and their March Rate with the second value given in brackets (Y). All modifiers to ground movement values are also applied to the flying values of a model. Units using Flying Movement ignore all Terrain Features and units during the Flying Movement (from their starting to their ending position), but must abide by the Unit Spacing rule at the end of the move (unless charging, when the normal exceptions to the Unit Spacing rule apply). They are still affected by the effects of the Terrain Features from which they take off and in which they land.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Harnessed: Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with at least one model part with Harnessed is considered to be mounted.

Heavy Armour: +2 Armor

Impetuous: Universal Rule.

A unit consisting entirely of models with this rule may reroll failed Charge Range rolls. The model gains Frenzy and Fearless while Engaged in Combat.

Insignificant:

Lance: Attacks made with a Lance and allocated toward models in the wielders' Front Facing gain Devastating Charge (+2 Strength, +2 Armour Penetration). Infantry cannot use Lances.

Lance Formation: Attack Attribute - Close Combat

The model gains Fight in Extra Rank.

If more than half of a unit's models have Lance Formation, it only needs to be 3 models wide in order to form Full Ranks. In addition, the model gains Devastating Charge (Fight in Extra Rank) if its unit is exactly 3 models wide.

Light Troops: Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

Magic Resistance:

Oath of Fealty: Universal Rule.

The model gains Commanding Presence with the following restrictions: It has a range of 6" and can only benefit units with more than half of their models with Serf.

Questing Oath: - Universal Rule.

The model is immune to the effects of Fear from enemy models. Models with Questing Oath gain +2 Advance Rate when rolling for Charge Range against enemy units with at least one model with Fear.

- Attack Attribute - Close Combat.

The model part gains +1 to-hit with Close Combat Attacks against models with Fear

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.

- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.

- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Shield: +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

The Blessing: The model gains Aegis (6+). Before rolling for the first turn (at the beginning of step 7 of the Deployment Phase Sequence), decide if the Kingdom of Equitaine army Prays or not. If it does, friendly models with The Blessing gain an additional Aegis (5+, against Strength 5 or more), and the army cannot gain any bonus to the Roll for First Turn.

Wizard Apprentice: - Knows 1 spell.
- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.
The Wizard selects its spells as described in Spell Selection
