----------------	--------------

Magics

Magic banners

Banner of Speed: A unit with one or more Banners of Speed gains +1" Advance Rate and +2" March Rate.

Model Rules

Channel: During step 3 of the Magic Phase Sequence, each of the Active Player's models with Channel may add X Veil Tokens to the owner's Veil Token Pool. This Universal Rule is cumulative, adding X Veil Tokens of each independent instance of Channel to the model's total Channel value (so e.g. a model with Channel (1) and Channel (2) is treated like a model with Channel (3)).

Crossbow: Range 30" Shots 1 Strength 4 Armour Penetration 1 Unwieldy

Engineering Rune: Universal Rule.
Field Artillery adds +4 to any roll on the Misfire Table.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Heavy Armour: +2 Armor

Magic Resistance:

Move or Fire: The attack may not be used if the attacking model has made an Advance Move, March Move, Reform or Pivot during the current Player Turn.

Plate Armour: +3 Armor

Rune Craft Mastery: Close Combat Attacks from models in the same unit as one or more models with Rune Craft Mastery gain +1 Armour Penetration. Each Runic Smith may select up to three different Battle Runes during Spell Selection, provided it paid for them.

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Scout: At step 8 of the Pre-Game Sequence (after Spell Selection) an army that includes units with Scout must state which of its units with Scout will use it, starting with the player that picked the Deployment Zone. Deploy your army as usual, but without deploying any of the Scouting units. These units are placed after all other non-Scouting units have been deployed. They can either be deployed in your Deployment Zone, using the normal rules, or they can be deployed outside the Deployment Zone, but must be more than 18" away from any enemy units. This is decreased to 12" if the Scouting unit is deployed entirely within a Forest, Ruins, Field, Building, or Water Terrain Feature. Scouting units that are deployed outside their player's Deployment Zone may not Declare Charges in the first Player Turn (if their side has the first turn). If both players have Scouting units, alternate deploying one unit at a time, starting with the player that finished deploying first.

Seen It All: Friendly units within 6" of a Greybeards unit may reroll failed Panic Tests and Decimated Tests.

Shield Wall: When using a Shield, the model gains Aegis (6+, against Close Combat Attacks). This is improved to Aegis (5+, against Close Combat Attacks) if the attacker is Charging. This Special Save can only be used against attacks from enemies Engaged in the model's unit's Front Facing.

Strider: The model automatically passes Dangerous Terrain Tests taken due to Terrain.
If more than half of a unit's models have Strider, the unit never loses their Steadfast or Rank Bonus due to Terrain.
Sometimes Strider is linked to a specific type of Terrain, stated in brackets.
In this case, models with Strider are considered Striders only when interacting with such type of Terrain.

Stubborn: A unit with at least one model with Stubborn ignores any Combat Score penalties to its Discipline when taking Break Tests or Combat Reform Discipline Tests.

Sturdy: Melee.

The model gains Devastating Charge (+1 Str, +1 AP) and it does not suffer from negative to-hit modifiers from a Stand and Shoot Charge Reaction.

Volley Gun: Artillery Weapon:

Range 30", Shots 2D6*2, Str 5, AP 3.

War Machine: The model cannot Pursue, Declare Charges or Declare Flee as Charge Reaction. Characters can never join units with War Machines, and Characters with War Machine cannot join units at all.

When a War Machine fails a Panic Test, instead of Fleeing it is Shaken until the end of the next Player Turn. War Machines that fail a Break Test are automatically destroyed. War Machines and units Engaged in Combat with them cannot make Combat Reforms.

When a unit charges a War Machine, it can move into base contact by having its Front Facing contact any point of the War Machine's base (it must still maximise the number of models in base contact, see subsection II.1.A "Bases and Base Contact", page 4 and Figure 1 page 4). No Align Move is allowed. Ignore the War Machine's Facing, as it does not have any due to its round base.

Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
