	<i>Duration</i>		

	Casting	Range	Type	Duration
<b>H Forest Embrace</b>				
Mf	(4+) {7+}	18"	Augment	Last one Turn
<i>Place a Forest Terrain Feature underneath the target (this can be substituted by placing a marker next to the unit). This Forest always extends to the edges of the target's Unit Boundary (even if the unit moves or changes formation). [Enemy units in base contact with the target must reroll natural to-hit rolls of '6'.]</i>				

Druidism

**Nature's Call:** All Wizards that know at least one Druidism spell (excluding Bound Spells) know the Learned Spell The Oaken Throne in addition to their other spells.

		Casting	Range	Type	Duration	Effect
<b>1</b>	Healing Waters	7+ <<6+>>	18"	Augment	Last one Turn	The Range of this spell can be measured from the Caster or from any <b>Water Terrain</b> Feature on the board. The target gains Fortitude (5+) {(4+)}.
<b>3</b>	Entwining Roots	<6+> <<5+>>	12"	Hex	Last one Turn	The Range of this spell can be measured from the Caster or from any <b>Forest Terrain</b> Feature on the board. The target suffers <-1> <<-2>> Offensive Skill, <-1> <<-2>> Defensive Skill, and <-1> <<-2>> to hit with Shooting Attacks.
<b>2</b>	Master of Earth	6+ <<5+>>	18"	Hex, Damage, Direct	Instant	The range of this spell can be measured from the Caster or from any <b>Impassable Terrain</b> Feature on the board. The target suffers 1D6 hits with Strength <4> <<5>>, Armour Penetration <1> <<2>> and <b>Magical Attacks</b> .
<b>0</b>	The Oaken Throne	4+	Caster	Caster	Permanent	If any friendly Caster is affected by The Oaken Throne, certain spells are cast with an amplified version. Use any text marked with {} and ignore any <b>red text</b> . The Oaken Throne must already be in play when a spell is cast in order to use the {amplified} Attribute. This spell is ended if any friendly Caster attempts to cast The Oaken Throne again, or if the opponent removes a dice from their Magic Dice pool at the end of step 3 of any Magic Phase sequence (after Siphon the Veil).
<b>A</b>	Fountain of Youth		12"	Augment, Focused	Instant	The target or its unit <b>Recovers</b> {Raises} 1 Health Point. This spell can only be cast once per phase.
<b>5</b>	Stone Skin	10+ <<9+>>	12"	Augment	Last one Turn	The Range of this spell can be measured from the Caster or from any <b>Hill</b> Terrain Feature on the board. The target gains +2 {+3} Resilience.
<b>6</b>	Spirits of the Wood	7+ {6+}	12"	Augment, {Universal}	Last one Turn	<If the target is an enemy unit Engaged in Combat, the spell has no effect. Otherwise,> place a Forest Terrain Feature underneath the target (this can be substituted by placing a marker or the spell card next to the unit). This Forest always extends to the edges of the target's Unit Boundary (even if the unit moves or changes formation). If the target is a friendly unit, it gains Strider (Forest).
<b>4</b>	Summer Growth	11+ <<10+>>	24"	Augment	Instant	This spell has different effects depending on the target: <b>Standard Infantry/Beast*</b> : Raise 4 {6} Health Points. <b>Towering Presence**</b> : Raise 1 {1} Health Point. <b>Anything else***</b> : Raise 2 {3} Health Points. * More than half of the models in the unit are both Standard Height and either Type Infantry or Beast Type. ** More than half of the models in the unit have Towering Presence. *** Use this if neither of the above is applies.

## Magic items

**Bough of Wyscan:** Attacks made with this Sylvan Longbow gain +1 to wound when shooting from Short Range, and become **Magical Attacks**.

**Destiny's Call:** The wearer gains Aegis (4+). In addition, its Armour is set to 3 and can never be improved beyond this.

**Hunter's Honour:** Attacks made with this weapon gain +1 Strength, +1 Armour Penetration, and become **Magical Attacks**. If the wielder causes at least one unsaved wound with this weapon, the wielder and all R&F models in the wielder's unit gain **Distracting** until the end of the Melee Phase.

**Sacred Seeds:** One use only. The player may activate this Artefact at the end of any friendly Movement Phase and place a Forest Terrain Feature in contact with the bearer and at least 1" away from any enemy units and other Terrain Features. The Forest **must** fit within a circle with a diameter of 6".

**Shielding Bark:** The wearer gains +1 Armour, **Aegis (5+)**, **Fearless**, **Flammable**, and **Magical Attacks**.

**Titanic Might:** Attacks made with this weapon gain +3 Strength and become **Magical Attacks**.

**Willow's Ward:** While using this Shield, the bearer cannot use Parry, gains +1 Armour, and Impact Hits distributed onto the bearer suffer -2 Armour Penetration.

## Magic banners

**Aether Icon:** The bearer gains Magic Resistance (1). If the unit contains a model with another instance of Magic Resistance, it increases that model's Magic Resistance value by 1 instead.

## Model Rules

### Accurate:

### Aegis:

**Battle Focus:** If the attack hits with a natural to-hit roll of '6', the attack causes two hits instead of one.

**Bodyguard:** When a Character is joined to a unit in which at least one model has Bodyguard, that Character gains Stubborn. When Characters or Character types are stated in brackets, Bodyguard only works for the specified Characters or Character types.

### Crush Attack:

**Dances of Cenyrn:** At the start of each Round of Combat, units consisting entirely of models with this rule **must** choose one of the dances listed below and apply its effects until the end of the Round of Combat. The unit cannot choose this dance again until after one of the following has happened: • The unit is no longer Engaged in Combat. • The unit has chosen a different dance.

### Devastating Charge: Attacks & Weapons, Melee

A charging model part with Devastating Charge, or using a weapon with Devastating Charge, gains the Model Rules and Characteristic modifiers stated in brackets. For example, a charging model part with Devastating Charge (+1 Strength, Poison Attacks) gains +1 Strength and Poison Attacks when it is charging. This rule is cumulative: a model part with several instances of Devastating Charge applies all Attack Attributes and Characteristics modifiers from all of them when charging.

**Emboldening Boughs:** A unit with more than half of its models with Emboldening Boughs gains **Stubborn** while more than half of the unit's models are inside a Forest with the centre of their bases.

**Fearless:** If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

**Feigned Flight:** A unit consisting solely of models with Feigned Flight that voluntarily chooses to Flee as a Charge Reaction, and subsequently passes a Rally Test in its next Player Turn, doesn't become Shaken. Furthermore, the Reform that is made after Rallying in this case doesn't prevent the unit from moving nor from shooting (but it still counts as having moved for shooting purposes). This rule cannot be applied if a unit fails to rally on the next friendly Player Turn or involuntarily Flees, such as a result of a failed Panic Test or if it was already Fleeing when being charged.

### Flammable:

**Fly:** The model gains Light Troops and Swiftstride. Units composed entirely of models with Fly may make Flying Movements when performing a Move Chargers move, an Advance Move, or a March Move. When a unit makes a Flying Movement, substitute its models' Advance Rate with the first value given in brackets (X), and their March Rate with the second value given in brackets (Y). All modifiers to ground movement values are also applied to the flying values of a model. Units using Flying Movement ignore all Terrain Features and units during the Flying Movement (from their starting to their ending position), but must abide by the Unit Spacing rule at the end of the move (unless charging, when the normal exceptions to the Unit Spacing rule apply). They are still affected by the effects of the Terrain Features from which they take off and in which they land.

**Forest Walker:** The model gains **Strider (Forest)**. If a unit comprised entirely of models with Forest Walker starts a Round of Combat with more than half of its models with the centre of their bases inside a Forest, then all model parts without Harnessed **must** reroll to-wound rolls of '1' with their Close Combat Attacks for the duration of that Round of Combat.

**Frenzy:** At the start of the Charge Phase, each of your nonFleeing units with at least one model with Frenzy that is unengaged, does not contain any Shaken models, and has an enemy unit inside its Front Arc within the unit's Advance Rate +7" must take a Discipline Test, called a Frenzy Test. If the test is failed, the whole unit must declare a Charge this Player Turn if possible.

Frenzy Tests and Restrain Pursuit Tests taken by units with at least one model with Frenzy are subject to Maximised Roll.

If there are different Advance Rates available in the unit, the Advance Rate used for the Frenzy Test and for the Charge Range is determined as follows:

- If a model has more than one Advance Rate (e.g. due to Fly), the model must use the Advance Rate that has the highest chance of completing the Charge.
- If a unit contains models with different Advance Rates, the unit must use the highest Advance Rate that all models in the unit can use (which will usually be the lowest Advance Rate in the unit).

For example, a model with Advance Rate 2" and Fly (8", 16") must use the Advance Rate from Fly. And if a Character in a Combined Unit has Advance Rate 4" while the R&F models have 6", the Combined Unit must use Advance Rate 4". Note that when a unit is forced to declare a Charge due to a failed Frenzy Test, it is not forced to Charge the enemy unit that triggered the Frenzy Test.

**Hand Weapon:** All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

### Hard Target:

**Harnessed:** Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with with at least one model part with Harnessed is considered to be mounted.

### Impaling Roots: Shooting Weapon

Range 12", Shots D6+1, Str 4, AP 1, March and Shoot, Quick to Fire, ignores to-hit modifiers from Cover. If its target is in contact with a Forest, the Strength is set to 5 and Armour Penetration to 2.

### Light Armour: Armor +1

**Light Troops:** Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

## Lightning Reflexes:

### Lightning Reflexes: Close Combat

A Close Combat Attack with Lightning Reflexes gains a +1 to-hit modifier. Model parts with this Attack Attribute wielding Great Weapons do not gain this +1 to-hit modifier, but strike with the Great Weapon at the Initiative Step corresponding to their Agility instead of always striking at Initiative Step 0.

## Magic Resistance:

**Master Archer:** Immediately before shooting with a Sylvan Longbow, all models with Master Archer in a unit may choose to gain either +2 Armour Penetration or +2 to hit until the end of the phase.

**Poison Attacks:** If the attack successfully hits with a natural to-hit roll of '6', it automatically wounds with no to-wound roll needed. Shooting Attacks using the Hopeless Shot can only automatically wound if the first to-hit roll is a natural '6'. Note that the second to-hit roll must still be successful in order to hit the target. If the attack can be turned into more than one hit (e.g. a hit with Area Attack, Battle Focus, or Penetrating), only a single hit, chosen by the attacker, automatically wounds. All other hits must roll to wound as normal.

### Poisoned Thorn: Shooting Weapon.

Range 12", Shots 1, Str 3, AP 1, Quick to Fire.

**Scoring:** Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

**Scout:** At step 8 of the Pre-Game Sequence (after Spell Selection) an army that includes units with Scout must state which of its units with Scout will use it, starting with the player that picked the Deployment Zone. Deploy your army as usual, but without deploying any of the Scouting units. These units are placed after all other non-Scouting units have been deployed. They can either be deployed in your Deployment Zone, using the normal rules, or they can be deployed outside the Deployment Zone, but must be more than 18" away from any enemy units. This is decreased to 12" if the Scouting unit is deployed entirely within a Forest, Ruins, Field, Building, or Water Terrain Feature. Scouting units that are deployed outside their player's Deployment Zone may not Declare Charges in the first Player Turn (if their side has the first turn). If both players have Scouting units, alternate deploying one unit at a time, starting with the player that finished deploying first.

**Skirmisher:** The model can draw Lines of Sight in any direction (i.e. it is not limited by the Front Arc) from any point on its base (remember that Charge Moves are limited by a single Wheel of no more than 90°, and that Stand and Shoot Charge Reactions can only be done against enemies in the Front Arc) and can always use Shooting Attacks from any rank (they are not limited to shooting from first and second rank).

Units with at least one R&F model with Skirmisher are formed into a skirmish formation. They are not placed in base to base contact with each other. Instead, models are placed with a 12.5 mm distance between them. This gap is considered part of the unit for Cover purposes, and will have the same Size as the models in the unit. Other than this gap between models, units with Skirmisher follow the normal rules for forming units and therefore have a Front, two Flanks, a Rear, can perform Supporting Attacks, and so on. Units in skirmish formation gain Hard Target and Light Troops, never block Line of Sight, and when units in skirmish formation would contribute to Hard Cover, they contribute to Soft Cover instead.

**Stubborn:** A unit with at least one model with Stubborn ignores any Combat Score penalties to its Discipline when taking Break Tests or Combat Reform Discipline Tests.

### Sylvan Blades: Close Combat Weapon

Paired Weapons. Attacks made with Sylvan Blades gain +1 Armour Penetration.

### Sylvan Lance: Close Combat Weapon

Light Lance. Attacks made with a Sylvan Lance gain +1 Armour Penetration.

### Sylvan Longbow: Shooting Weapon

0-55 Models with Sylvan Longbow per Army.

Longbow. Attacks made with a Sylvan Longbow gain Armour Penetration 1 and Quick to Fire. Also, when shooting from Short Range, their Strength is set to 4.

**Sylvan Spirit:** The model gains **Fearless** and **Magical Attacks**. Models with Sylvan Spirit can only join or be joined by models with Sylvan Spirit.

**Tree Singing:** Each model with Tree Singing may discard 1 Veil Token once per friendly Magic Phase, immediately after Siphon the Veil. If so, choose a Forest Terrain Feature within 24" of the model with Tree Singing that is not in contact with any unit. Move this Forest in a straight line up to 6". This movement stops immediately before moving into contact with any units or any Terrain Features other than Open Terrain. Each Forest may only be moved with Tree Singing once per Magic Phase.

**Vanguard:** After Deployment (including units with Scout), models with Vanguard may perform a 12" move. The move is performed as an Advance Move in the Movement Phase, including any actions and restrictions the unit would normally have (such as Wheeling, Reforming, joining units, leaving units and so on). The 12" distance is used instead of the unit's Advance Rate and March Rate. This move cannot be used to move within 12" of enemy units. This is decreased to 6" for enemy units which have either Scouted or Vanguarded. Units that have moved in this way may not Declare Charges in the first Player Turn (if their side has the first turn). If both players have units with Vanguard, alternate moving units one at a time, starting with the player that finished deploying last. Instead of moving a unit, a player may declare to not move any more Vanguarding units.

### Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection

**Wizard Conclave:** The Champion of a unit with Wizard Conclave gains +1 Health Point in addition to the normal Characteristics increases associated with being a Champion, and is a Wizard Adept.

This Champion may select up to two spells from predetermined spells given in brackets after Wizard Conclave.

This overrides the Spell Selection rules connected to being a Wizard Adept.

## Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
