Magics

Racial Trait Spell

	Casting	Range	Type	Duration
Curse of the Phantom Queen				
<i>Mf</i>	7+	24"	Hex	Last one Turn
<i>Whenever a model that is the target of this spell inflicts a Health Point loss against an enemy unit, the model's unit suffers 1 hit with Strength 4, Armour Penetration 2, and Magical Attacks. These hits are considered Ranged Attacks that are distributed by the attacking unit's owner. Only consider Health Point losses caused by Close Combat Attacks, Shooting Attacks, Special Attacks, and spells with duration Instant for this purpose. No Health Pool can generate more hits this way than it had Health Points before the Health Point loss.</i>				

Witchcraft

		Casting	Range	Type	Duration	Effect
1	Raven's Wing	7+ [9+]	18"	Augment	Instant	The target may perform a 8" [12"] Magical Move and gains Fly and Light Troops until the end of the Player Turn. Nominate a single model part affected by the spell. This model part may perform a Sweeping Attack during the move (possibly in addition to other Sweeping Attacks). This Sweeping Attack causes D6 hits with Strength 4, Armour Penetration 1, and Magical Attacks.
3	Twisted Effigy	5+ [7+]	36"	Hex	Last one Turn	The target cannot use Shooting Attacks [and suffers a -2 modifier to its casting rolls].
2	Deceptive Glamour	4+ [6+]	24"	Hex	Last one Turn	The target suffers -1 [-2] Offensive Skill, -1 [-2] Defensive Skill and -1 [-2] Agility.
4	Evil Eye		24"	Universal	Last one Turn	If this spell targets a friendly unit, the target gains +1 Advance Rate and +2 March Rate. If this spell targets an enemy unit, the target suffers -1 Advance Rate and -2 March Rate, to a minimum of 3 and 6 respectively. A unit cannot be affected by this spell more than twice in the same Magic Phase.
5	Will-o'-the-Wisp	8+ [8+]	18"	Universal	Last one Turn	The target gains Random Movement (2D6 [3D6])
6	Bewitching Glare	8+ [12+]	18"	Hex	Last one Turn	Melee {and Shooting} Attacks against the target must reroll failed to-wound rolls.

		<i> Casting </i>	<i> Range </i>	<i> Type </i>	<i> Duration </i>	<i> Effect </i>
4	The Wheel Turns	8+ [10+]	24"	Hex	Last one Turn	Melee Attacks made by {and distributed towards} R&F models in the target unit are set to wound on a 4+, and Close Combat Attacks made by {and allocated against} R&F models in the target unit additionally are set to hit on a 4+, regardless of Offensive Skill, Defensive Skill, Strength, and Resilience. Apply this effect before other to-hit and to-wound modifiers.

Magic items

Basalt Infusion: The wearer gains +1 Armour and Aegis (3+, against Flaming Attacks). The wearer automatically fails all Fortitude Saves.

Dusk Forged: The bearer may choose to reroll its failed Armour Saves while using this Shield. If it does, it automatically fails all Special Saves.

Model Rules

Academy Training: Units with more than half of their models with Academy Training are considered Academy Trained. While within 8" of one or more other non-Fleeing, friendly Academy Trained units, Academy Trained units:

- Gain Devastating Charge (+1" Adv) when declaring their first Charge in any Charge Phase. The effect lasts until the end of the Charge Phase. Characters without Academy Training that Charge out of the unit are not affected.
- Count as having one additional Full Rank for the purpose of Steadfast and Disrupted if they have at least one Full Rank.

Aegis:

Coastal Predator: Universal Rule.

While the centre of the model's base is inside a Water Terrain Feature, the model gains Devastating Charge (+2" Adv) and Hard Target (1).

Deadly Riposte: Attack Attribute – Close Combat.

For each enemy Close Combat Attack allocated towards the model for which a natural '1' is rolled to hit, the Dread Prince must perform a Close Combat Attack at the same Initiative Step that must be allocated towards the model (or Health Pool) that rolled the '1' to hit. If this is not possible, ignore the effect.

Distracting: Close Combat Attacks allocated towards a model with Distracting suffer a -1 to-hit modifier. This to-hit modifier cannot be combined with any other negative to-hit modifiers.

Fear: Units in base contact with one or more enemy models with Fear suffer -1 Discipline. At the start of each Round of Combat, such units must take a Discipline Test, called a Fear Test. If this test is failed, the models in the unit are Shaken until the end of the Round of Combat. Models that have Fear themselves are immune to the effects of Fear.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Hard Target:

Harnessed: Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with with at least one model part with Harnessed is considered to be mounted.

Hatred: During the first Round of Combat, failed to-hit rolls from attacks with Hatred must be rerolled.

Heavy Armour: +2 Armor

Hunting Bolas: The roll for Flee Distance of enemy units that Break from Combat while in base contact with one or more models with Hunting Bolas is subject to Minimised Roll.

Irresistible Will: Universal Rule.

The Casting Values of spells cast by the model are increased by +1. Dispelling rolls against non-Bound spells cast by the model suffer a -2 modifier.

Light Armour: Armor +1

Light Troops: Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

Lightning Reflexes: Close Combat

A Close Combat Attack with Lightning Reflexes gains a +1 to-hit modifier. Model parts with this Attack Attribute wielding Great Weapons do not gain this +1 to-hit modifier, but strike with the Great Weapon at the Initiative Step corresponding to their Agility instead of always striking at Initiative Step 0.

Multiple Wounds: Attacks & Weapons, Melee

Unsaved wounds caused by the attacks are multiplied into the value given in brackets (X). If the value is a dice (e.g. Multiple Wounds (D3)), roll one dice for each unsaved wound with Multiple Wounds. The amount of wounds that the attack is multiplied into can never be higher than the Health Points Characteristic of the target (excluding Health Points lost previously in the battle). For example, if a Multiple Wounds (D6) attack wounds a unit of Trolls (HP 3) and rolls a '5' for the multiplier, the number of unsaved wounds is reduced to 3, even if the Troll unit has already lost one or two Health Points previously in battle.

If Clipped Wings is stated after the X value in brackets, any unsaved wound caused by the attack against a model with Fly is multiplied into X+1 instead of X.

Not a Leader: The model cannot be the General.

Petrifying Stare: Special Attack.

At Initiative Step 10, each enemy unit in base contact with the model suffers 2 hits with Armour Penetration 10 and Magical Attacks that wound on:

- 4+ for models of Standard Height
- 5+ for models of Large Height
- 6+ for models of Gigantic Height

Ruthless Efficiency: Close Combat

The attack gains +1 to wound during the First Round of Combat.

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Shield: +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

Spear:

Strider: The model automatically passes Dangerous Terrain Tests taken due to Terrain.

If more than half of a unit's models have Strider, the unit never loses their Steadfast or Rank Bonus due to Terrain.

Sometimes Strider is linked to a specific type of Terrain, stated in brackets.

In this case, models with Strider are considered Striders only when interacting with such type of Terrain.

Supernal:

Wizard Adept: - Knows 2 spells.

- Can select from the Learned Spells 1, 2, 3, and 4 of its chosen Path and the Hereditary Spell of its army.

The Wizard gains Channel (1) and selects its spells as described in Spell Selection.

Wizard Master: - Knows 4 spells.

- Can select from the Learned Spells 1, 2, 3, 4, 5, and 6 of its chosen Path and the Hereditary Spell of its army.

The Wizard gains Channel (1) and a +1 modifier to its casting rolls, and selects its spells as described in Spell Selection

Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
