Magics

Racial Trait Spell

	Casting	Range	Type	Duration
H Breath of the Lady				
Mf	7+		Caster	Last one Turn
Add two Orison Tokens to your Orison Token pool.				

Divination

The Conclave: Spells from Divination gain +3" range up to a maximum of +9" for each additional friendly Wizard within 12" of the Caster. This bonus can never increase the combined modifier beyond +9", however other sources may.

		Casting	Range	Type	Duration	Effect
5	Unerring Strike	<7+> {10+}	18"	Hex, Missile, Damage	Instant	The target suffers <2D6> {3D6} hits that wound on 4+ with Armour Penetration 1, Divine Attacks and Magical Attacks .
3	Scrying	<7+> {12+}	<18"> {6"Aura}	Augment	Last one Turn	The target gains Distracting and Hard Target.
4	The Stars Align	<8+> {12+}	<18"> {6"Aura}	Augment	Last one Turn	The target gains Divine Attacks. In addition, it must reroll failed to-hit rolls with Close Combat <and Shooting> Attacks.
6	Portent of Doom	8+	24"	Hex	Permanent	When calculating Combat Score, a side with units containing at least one model affected by the spell suffers -X to its Combat Score (for each affected unit and instance of the spell), where X is equal to the number of Characters in the unit, increased by 1 if the unit contains any R&F models. A Character leaving a unit that was the target of the spell no longer is affected by the spell, unless the Character was a single model unit that was the initial target of the spell.
1	Know Thy Enemy	<7+> {12+}	<18"> {6"Aura}	Augment	Last one Turn	The target gains +2 Offensive Skill, +2 Defensive Skill, and +2 Agility.
A	Guiding Light		12"	Augment	Last one Turn	Discipline Tests of units with all models affected by the spell are subject to Minimised Roll. A unit cannot be affected by this spell more than once per Magic Phase.
2	Fate's Judgement	<5+> {9+}	18"	Hex, Missile, Damage	Instant	The target suffers <1D3> {1D6} hits that wound automatically with Armour Penetration 0 and Magical Attacks, with no Special Saves allowed (note that Armour Saves are allowed).

Magic items

Divine Judgement: Attacks made with this weapon gain **Devastating Charge** (+1 Str, +1 AP, **Multiple Wounds (D3)**) and become **Magical Attacks**.

Fortress of Faith: The bearer must reroll Armour Save rolls of '1'

Ghostly Guard: The wearer gains +2 Armour against non-Magical Attacks.

Rod of Battle: The bearer can cast a Bound Spell, Power Level (4/8):

Type: Augment. Range 18". Duration: One Turn.

The target gains +1 to hit with its Close Combat Attacks.

Touch of Greatness: Attacks made with this weapon gain +1 Strength, +1 Armour Penetration, and become **Magical Attacks**.

Strength modifiers from this weapon (combining both mundane and Weapon Enchantment modifiers) cannot exceed +2 (but can exceed +2 through modifiers from other sources, such as spells).

Magic banners

Stalker's Standard: The bearer's unit gains Strider.

Model Rules

Bastard Sword: Close Combat Weapon

Hand Weapon. Attacks made with a Bastard Sword gain +1 Strength and, in the First Round of Combat, +1 Armour Penetration.

Beloved: Universal Rule.

While the model is joined to a unit with at least one Full Rank, it gains Stand Behind.

Courage: The model gains Aegis (+1, max. 4+) with the following restriction: The effect can only be used against wounds against which the model cannot take or would automatically fail its any Armour Saves. Units with more than half of their models with Courage ignore friendly units consisting entirely of models with Ordeal for the purpose of Panic Tests.

Devastating Charge: Attacks & Weapons, Melee

A charging model part with Devastating Charge, or using a weapon with Devastating Charge, gains the Model Rules and Characteristic modifiers stated in brackets. For example, a charging model part with Devastating Charge (+1 Strength, Poison Attacks) gains +1 Strength and Poison Attacks when it is charging. This rule is cumulative: a model part with several instances of Devastating Charge applies all Attack Attributes and Characteristics modifiers from all of them when charging.

Fear: Units in base contact with one or more enemy models with Fear suffer -1 Discipline. At the start of each Round of Combat, such units must take a Discipline Test, called a Fear Test. If this test is failed, the models in the unit are Shaken until the end of the Round of Combat. Models that have Fear themselves are immune to the effects of Fear.

Fearless: If more than half of a unit's models are Fearless, the unit automatically passes Panic Tests and Decimated Tests and cannot declare a Flee Charge Reaction (unless already Fleeing). Models that are Fearless are also immune to the effects of Fear.

Feigned Flight: A unit consisting solely of models with Feigned Flight that voluntarily chooses to Flee as a Charge Reaction, and subsequently passes a Rally Test in its next Player Turn, doesn't become Shaken. Furthermore, the Reform that is made after Rallying in this case doesn't prevent the unit from moving nor from shooting (but it still counts as having moved for shooting purposes). This rule cannot be applied if a unit fails to rally on the next friendly Player Turn or involuntarily Flees, such as a result of a failed Panic Test or if it was already Fleeing when being charged.

Fey Spirit: The model gains Fearless and Magical Attacks. Models with Fey Spirit can only join or be joined by Damsels or models with Fey Spirit.

Ghost Step: The model treats all Terrain Features as Open Terrain for movement purposes, but must abide by the Unit Spacing rule upon the completion of its moves.

Hand Weapon: All models come equipped with a Hand Weapon as their default equipment. If a model has any Close Combat Weapon other than a Hand Weapon, it cannot choose to use the Hand Weapon (unless specifically stated). Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry

Harnessed: Model parts with Harnessed cannot make Supporting Attacks and cannot use Weapons. Shooting Weapons carried by model parts with Harnessed can be used by other model parts of the same model (as long as they do not have Harnessed or Inanimate). A model with with at least one model part with Harnessed is considered to be mounted.

Heavy Armour: +2 Armor

Honesty: The model gains Aegis (+1, against Magical Attacks, max. 4+)

Lance: Attacks made with a Lance and allocated toward models in the wielders' Front Facing gain Devastating Charge (+2 Strength, +2 Armour Penetration). Infantry cannot use Lances.

Lance Formation: Close Combat

The model gains Fight in Extra Rank, and its maximum number of Supporting Attacks is increased by 1. If more than half of a unit's models have Lance Formation and the unit is 3 or 4 models wide, it counts as being in Line Formation and only needs to be 3 models wide in order to form Full Ranks.

Light Armour: Armor +1

Light Lance:

Light Troops: Units composed entirely of models with Light Troops are allowed to make any number of Reforms when performing Advance Moves or March Moves. They are allowed to shoot even if they Marched or Reformed. No model can end its movement with its centre further away than its March Rate from its starting position, around any obstructions (including the Unit Spacing rule). This means that when checking the distance travelled by a model, check the path the model would have taken if it was alone, with the exception that the unit as a whole cannot break the Unit Spacing rule while performing the move. If a model performed any action during the movement (such as a Sweeping Attack), the distance moved is counted from its starting position to the point on the Battlefield where it performed that action and then to its final position.

If more than half the models in a unit have Light Troops, the unit always counts as having 0 Full Ranks. Characters with Light Troops that are joined to units with one or more models without Light Troops, lose this rule for as long as they remain with the unit. An Infantry Character joined to an Infantry unit with both Light Troops and the same Size as the Character gains Light Troops for as long as it remains with the unit.

Ordeal: The model gains Aegis (+1, max. 5+) with the following condition: Its unit must be Engaged in the same Combat as at least one other friendly unit containing one or more models with Courage or Honesty. Units consisting entirely of models with Ordeal are ignored by units with more than half of their models with Courage for the purpose of Panic Tests.

Orison: At the start of step 7 of the Pre-Game Sequence (Spell Selection), each model with Orison (X) adds X Orison Tokens to its owner's Orison Token pool. Any player's Orison Token pool can never contain more than 6 Orison Tokens. At the start of any phase or Round of Combat, one or more Orison Tokens can be removed from the Orison Token pool. For each removed token, choose one friendly non-Fleeing unit within 8" of any friendly non-Fleeing model with Orison (X).

The chosen unit gains one of the following effects:

- Holy Strike: Model parts without Harnessed gain +1 to hit with their Close Combat Attacks.
- Holy Shield: Aegis (+1, max. 4+).
- Holy Wrath: Fear; any model that already has Fear gains Terror instead.

Several instances of an effect on the same model are not cumulative, and a single unit can only be the target of one Orison per phase unless specifically stated otherwise. The effects last until the end of the phase.

Scoring: Units with at least one model with Scoring are considered to be Scoring Units, which are used for winning Secondary Objectives (see section XVI.2 "Scoring Secondary Objectives", page 67). Every army needs a few Scoring units to be able to complete Secondary Objectives, which is why units with Scoring are marked in the Army Books with a special pennant icon:

Scoring can be lost during the game:

- A unit that is Fleeing loses Scoring for as long as it is Fleeing.
- An Ambushing unit that enters the Battlefield on Game Turn 4 or later loses Scoring.
- A unit that has performed a Post-Combat Reform loses Scoring until the start of the following Player Turn.

Shield: +1 Armour Hand Weapons wielded by models on foot can be used alongside a Shield, then giving Parry.

Supernal:

The Quest: Universal Rule.

Immediately after deploying the first friendly unit of Knights of the Quest during the Deployment Phase, the owner must choose 1 unit entry from the opponent's Army Book (this may also be a Character, but not a Character Mount). Models of all units from this unit entry in the enemy army (even if there is more than one such unit) are considered "marked".

For attacks allocated either towards marked models, or towards models joined to units with more than half of their models marked, Questing Knights gain Lethal Strike and must reroll failed to-wound rolls.

Traits of a Hero: Universal Rule.

The Folk Hero model part must choose at least 1 and up to 2 different Heroic Traits.

Vanguard: After Deployment (including units with Scout), models with Vanguard may perform a 12" move. The move is performed as an Advance Move in the Movement Phase, including any actions and restrictions the unit would normally have (such as Wheeling, Reforming, joining units, leaving units and so on). The 12" distance is used instead of the unit's Advance Rate and March Rate. This move cannot be used to move within 12" of enemy units. This is decreased to 6" for enemy units which have either Scouted or Vanguarded. Units that have moved in this way may not Declare Charges in the first Player Turn (if their side has the first turn). If both players have units with Vanguard, alternate moving units one at a time, starting with the player that finished deploying last. Instead of moving a unit, a player may declare to not move any more Vanguarding units.

Wizard Apprentice: - Knows 1 spell.

- Can select between the Learned Spell 1 of its chosen Path and the Hereditary Spell of its army.

The Wizard selects its spells as described in Spell Selection

Qr codes of your army

You can print this page to have all your army's units qrcode and cut them to stick them on your units, with them you can directly access to the unit's profil with your phone.
