## Orcs & Goblins

Curse of da Bad Moon

15+/25+

Immédiat

Uses the small/large round template. Once the template is placed, the caster nominates the direction in which it will move. Roll 4D6 to determine how many inches the template moves. In subsequent turns the template will move 3D6" in a random direction. Any model under or passed over by the template is cursed, and must pass a characteristic test or take a wound which ignores Armour Saves. The type of characteristic test is determined by rolling on the Curse of da Bad Moon chart. Roll once each Magic phase, just before moving the template, and apply the result to all models affected by the curse in that Magic phase.
